### (b) International Peace Day

Dorothea Sheasby, Registrar and Chair of the Registry of World Citizens (in Canada), appeared before Council to discuss mundialization, a peace garden and International Peace Day. Ms. Sheasby thanked Russ Pooley, Community Services who has been a friend of the Registry for many years. She asked that Council re-dedicate Mississauga as a mundialized city which occurred on December 18, 1979 and made reference to a letter from Helen Tucker received on that date.

Ms. Sheasby advised that the second request is to allocate a portion of Riverwood Park as a Peace Garden. She advised that she had received a letter from the Executive Director of Riverwood and also from Councillor Carolyn Parrish regarding this issue. Mayor McCallion advised that the request would be received and referred to staff to report back.

Ms. Sheasby advised of plans for the first International Peace Day to be held in the Great Hall on September 21, 2007. She advised that this day is annually dedicated by the United National (UN) as International Peace Day. Ms. Sheasby asked if Mayor McCallion would make the opening remarks on September 21<sup>st</sup>.

(c) Healing Cycle Fundraiser – September 9, 2007

Heather Campbell, Executive Director, The Healing Cycle Foundation, appeared before Council with respect to the Healing Cycle Fundraiser scheduled to be held on September 9, 2007. Ms. Campbell advised that the event will raise funds for palliative care and that the first project is to raise \$1M for the palliative care unit at Credit Valley Hospital. Ms. Campbell provided a short history of the success of the Foundation and extended a special thank you to Councillor George Carlson who had been a strong supporter of the Foundation since its inception. She advised that City staff had been involved and participated in last year's event and would be involved in this year's event. The goal is to have 500 riders and to raise \$250,000 and that 100% of tax received donations go directly to palliative care at the Credit Valley Hospital.

Ms. Campbell advised that she had received an enquiry from Sarah LeMay, a 9 year old Mississauga resident, regarding fundraising for children requiring palliative care and that the Kids for Kids team was established with Sarah as the Team Captain. Funds raised will furnish a hospital room for children. Further, a bike club was formed targeting recreational cyclists and their families with plans to become the National Mississauga-based organization within the next 5 years.

Ms. Campbell advised that she was not present to request funding from the City but to build a long term cooperation between the City and the Foundation. She advised of four (4) building blocks that included, welcoming the opportunity to meet with staff to explore ways in which the City can assist in publicizing the event both internally and externally; wider participation in the event by City staff by assembling cycling teams; permission and assistance in distributing brochures throughout City facilities; provide a safe 10km route for the Kids for Kids team with partial road closures during the ride. She also advised that the Foundation is collaborating with the University of Toronto (Mississauga) to encourage students and faculty to participate in the event. She extended an invitation to the Mayor to open the BBQ after the ride and invited all members of Council to the Delta Meadowvale Inn on September 9th.

Councillor Katie Mahoney recognized Tony LeMay and his daughter, Sarah, residents in Ward 8 who were in the audience. The Councillor offered her web site as a link to promote the event and suggested that Communication staff work with Ms. Campbell to further promote the event.

Councillor Pat Mullin suggested that Ms. Campbell make a presentation to the Mississauga Cycling Advisory Committee and to communicate the event through the Cycling website. She also suggested that the four requests from the Foundation be forwarded to the Commissioner of Community Services for review.

Councillor Maja Prentice suggested that Ms. Campbell provide information to all Councillors for inclusion in their newsletters and on their websites. She advised that she had a contact with the Mid-Week Cycling Club that she would be pleased to provide.

Councillor Pat Saito offered a 10km route in Ward 9 around Lake Aquitaine and the Lake Wabukayne Trail advising that it is safe for children as the route is linked with overpasses over major roads. She suggested that Ms. Campbell contact her office for more information if interested in this route and that Community Services staff would identify the route from previous events.

Councillor George Carlson congratulated the Foundation and Heather Campbell on the success of the event in such a short time. He advised that the City looked forward to being a strong partner now and in the future.

Councillor Carolyn Parrish invited the group to the Ride a Bike to Work event to be held on June 29<sup>th</sup> which starts at Riverwood Park at 7:00 am followed with a pancake breakfast at the Civic Centre.

(d) GTA Fare Card Pilot

Bill Cunningham, Director, Mississauga Transit and Fawad Ebraemi, Technical Business Analyst, Mississauga Transit, appeared before Council with respect to the GTA Fare Card Pilot. Mr. Cunningham through a powerpoint presentation provided information with respect to the launch of the pilot project and the GTA Fare Card Milestones starting with the media launch ceremony at the Cooksville GO Station and the public launch scheduled in July. He advised that in summer 2008, Oakville and Burlington will commence the GTA Fare Card service; in spring 2009, Mississauga will fully deploy the GTA Fare Card and in fall 2009, other GTA municipalities will fully deploy the GTA Fare Card. This will include installation of fare card readers at key gateway stations within the Toronto Transit System. Mr. Cunningham highlighted the pilot stations where the system will be launched and the vision and objectives of the pilot. He advised that there will be one fare card for all three systems (Mississauga Transit, GO Transit and TTC) in the GTA.

In response to an enquiry from Councillor Maja Prentice with respect to an amount that can be charged to the fare card, Fawad Ebraemi responded that there will be a minimum and maximum threshold on the card and that these amounts would be included in the communication for the launch.

Councillor Pat Mullin noted that there was no mention of a shuttle service in the Lakeshore Road/Port Credit/Clarkson area to the Clarkson and Port Credit GO Stations. She expressed concern with dealing with the parking lots in Port Credit and Clarkson without this shuttle service and looked forward to reviewing plans for such a service in the future.

Mayor McCallion noted that this is an expensive system to implement and that the Province had agreed to be responsible for funding for the central system for ten years. The Mayor advised that she was pleased that Mississauga had been chosen for the pilot program.

(e) 2007 At Play Mississauga Program and Partnerships

John Rydzewski, Director, Hershey Group, Community Services and Jamie Brown, Manager, Sponsorship and Corporate Development, Community Services, appeared before Council with respect to the 2007 At Play Mississauga Program and Partnerships. Jamie Brown advised that Wal-Mart is the major sponsor again this year and advised of the success of the 2006 program that provided after school sport learning programs for students between the ages of 10 to 15 years. He advised of the addition of the Art At Play and Mobile At Play programs to outreach into the community. In 2007, it is expected that over 22,000 students will participate.

Members of Council congratulated staff on the success of the program particularly with the support its many sponsors.

(g) Additional Matters Arising from City Council Meeting May 23, 2007 – Proposed Amendments to Mississauga Plan and New Zoning By-law – Addendum Report (Ward 1 to 11)

Glen Broll, Glen Schnarr & Associates and Neil Davis, Davis, Webb appeared before Council with respect to the report dated June 11, 2007 from the Commissioner of Planning and Building, specifically the official plan designation and proposed rezoning of the Harris Farm, 6545 Creditview Road. Mr. Davis advised that he had met with City staff regarding the process and that it was not expected that the City would provide an appraisal and an offer to Mr. Harris at this time and would be presenting a report to Council in the fall. Mr. Davis advised that it was his understanding that there was an amended motion to be presented to Council at this meeting as the original draft motion included reference to the Official Plan which does not permit a golf course. He felt that this would only confuse the issue.

Mayor McCallion suggested that in light of the pending appraisal, that Mr. Harris not proceed any further with the golf course costs. In response to an enquiry by the Mayor with respect to the timing of the appraisal, the Commissioner of Community Services advised that staff is making every effort through Realty Services to obtain a professional and independent appraisal because the golf course is a specialized field. He felt that the appraisal would be completed by mid-July, negotiations would take place in August with an offer of purchase and sale presented to Council in September.

Mr. Broll added that he had filed the application with the Credit Valley Conservation (CVC) and provided them with the background material and a routing plan but had not received a response back from the CVC. He assured Council that no design work had been done.

Mr. Davis made reference to the appraisal advising that it is his understanding that the City was appraising the entire parcel including the table lands on the west side of the creek advising that he did not think that the City was interested in the table lands. Mr. Mitcham advised that the reason why the City would consider the table lands was to provide an access to the valley site and that south of the roadway is a woodlot. He advised that staff would take direction from the owner of the property regarding this issue. Mr. Davis advised that he felt that this would complicate the discussion with respect to table land value versus valley land / golf course value.

Mayor McCallion advised that she had spoken with Mr. Harris regarding the appraisal on the valley land because of the importance of the access. Mr. Broll advised that the establishment of top of bank had been long sought after and that the surveyor had staked the top of bank. He had advised that this had been prepared on a survey but had not been filed as part of the submission with the CVC or the municipality. He advised that there is a request to walk the site again to establish the top of bank.

Mr. Mitcham advised that the surveyors stake out took place on the lands north of the roadway and not on the lands south of the roadway which is the woodlot portion advising that there could be a significant difference in value between table land and valley land. He advised that there had been good cooperation with the owner of the property and his agents.

Councillor George Carlson advised that an alternate motion had been prepared to reflect the discussion. Mayor McCallion read the following motion which was voted on and carried:

‘That an appraisal of the lands municipally known as 6545 Creditview Road (Harris Farm), be based on the current Official Plan and zoning of the subject lands so as not to prejudice the owner in the event of a purchase by the City, and that By-law 5500 as said By-law relates to the Harris Farm, shall continue to remain in effect pending a further by-law of Council which shall specifically repeal By-law 5500 as it relates to the subject lands, and that for the purposes of the appraisal, the City seek permission from the owner to have the Region of Peel, Credit Valley Conservation and the City attend the site and together with the owner or his representatives to establish the location of the top of bank and Natural Area.’

6. **PUBLIC QUESTION PERIOD** (in accordance with Section 36 of the City of Mississauga Procedure By-law 0421-2003 - Council may grant permission to a person who is present and at Council and wishes to address Council on a matter on the Agenda. For any other matter, leave must be granted by Council to deal with a matter not on the agenda).

7. **CORPORATE REPORTS**

R-1 Apportionment of Taxes

Report dated June 5, 2007 from the Commissioner of Corporate Services and Treasurer with respect to apportionment of taxes.

RECOMMENDATION

That the recommended apportionment of taxes and payments set out in Appendix 1 attached to the report dated June 5, 2007 from the Commissioner of Corporate Services and Treasurer be approved.

Resolution 0151-2007

R-2 Street Name Change for Part of Elm Drive to Kariya Drive (Ward 7)

Report dated June 7, 2007 from the Commissioner of Corporate Services and Treasurer with respect to a Street Name Change for Part of Elm Drive to Kariya Drive.

RECOMMENDATION

That a by-law be enacted to rename a portion of Elm Drive, west of Hurontario Street, described as Part 4, on Reference Plan 43R-30930, to Kariya Drive, and that the street be double signed by the Transportation and Works Department for a period of one year after renaming occurs.

R-3 Additional Matters Arising from City Council Meeting May 23, 2007 – Proposed Amendments to Mississauga Plan and New Zoning By-law – Addendum Report (Ward 1 to 11)

Report dated June 11, 2007 from the Commissioner of Planning and Building with respect to Additional Matters arising from City Council Meeting May 23, 2007 – Proposed Amendments to Mississauga Plan and New Zoning By-law – Addendum Report (Ward 1 to 11).

RECOMMENDATION

1. That the report dated June 11, 2007, from the Commissioner of Planning and Building on additional matters arising from the City Council meeting on May 23, 2007, be received for information.
2. That the recommendations contained in Appendix A-1 and A-2 of the Report dated June 11, 2007, from the Commissioner of Planning and Building be adopted and that the recommendations be incorporated into Official Plan Amendment No. 25 and the new Zoning By-law.

Councillor Eve Adams advised that she is in support of the change in the zoning on the Orlando Lands to recognize an existing accessory day care use at corporate head offices. She advised that part of the challenge is that some existing day cares are faced with moving to another location to expand, although adjacent to the office use, and having to change their address. She advised that a change of address is not permitted under the existing Airport Operating Area restrictions and asked what options were available. The Commissioner of Planning and Building advised that there is a process through the Committee of Adjustment.

He further advised that Planning staff had discussions with the Airport staff regarding the Airport Operating Area restrictions and expressed the City's concerns. He suggested that perhaps this issue should be addressed at the political level.

Councillor Maja Prentice advised that she had asked Planning and Building staff to prepare two motions with respect to Ward 3. She moved the following motions which were voted on and carried:

4141 Dixie Road

"That the request to change the zoning for lands municipally known as 4141 Dixie Road from C3 to C3 Exception to permit an aisle and fifty (50) required parking spaces to be located off site within the Burnhamthorpe Road East right-of-way, be supported and that staff be directed to incorporate the requested change into the Draft Zoning By-law."

Gulleden Drive

"WHEREAS on July 5, 2006, the Council of the City of Mississauga enacted and passed an updated Site Plan Control By-law, Number 0293-2006;

AND WHEREAS on May 23, 2007, the Council of the City of Mississauga adopted Resolution 0138-2007 which approved a report and directed that the amending by-law to the Site Plan Control By-law be enacted following the passage of the new Mississauga Zoning By-law by Council;

AND WHEREAS on April 25, 2007, the Council of the City of Mississauga enacted and passed By-law 0162-2007, which placed lands located on Gulleden Drive, southeast of Dixie Road and Burnhamthorpe Road East, under site plan control;

AND WHEREAS on April 25, 2007, the Council of the City of Mississauga enacted By-law 0161-2007 which rezoned the same lands to "R4(12)-2760" and "RM2-2763" under file OZ 97/042 W3, which came into force and effect on May 23, 2007;

AND WHEREAS under the new comprehensive Mississauga Zoning By-law the above noted zones are re-numbered to "R4-57" and "RM2-48";

NOW THEREFORE LET IT BE RESOLVED THAT the amendments to the Site Plan Control By-law which will be enacted by Council following the passage of the new Mississauga Zoning By-law by Council, add "R4-57" and "RM2-48" to Section 2 (a) to ensure that all the special section zones that are currently subject to site plan control are in conformity with the comprehensive Mississauga Zoning By-law."

The City Clerk advised that the motion that was included in the corporate report had been amended to reflect that a separate motion had been dealt with regarding 6545 Creditview Road (Harris Farm).

R-4 Enersource Hydro Mississauga Services Inc. Streetlighting Services Agreement Extension – Procurement Reference Number: FA.49.444-07

Report dated June 11, 2007 from the Commissioner of Transportation and Works with respect to Enersource Hydro Mississauga Services Inc. Streetlighting Services Agreement Extension – Procurement Reference Number: FA.49.444-07.

RECOMMENDATION

That the report dated June 11, 2007 from the Commissioner of Transportation and Works entitled “Enersource Hydro Mississauga Services Inc. Streetlighting Services Agreement Extension – Procurement Reference Number: FA.49.444-07”, be received for information.

Councillor Carolyn Parrish advised that she would be requesting Council’s consideration to extend the Streetlighting Services Agreement with Enersource to December 31, 2008 and would be asking for a motion to re-open the question. She advised that this time frame would provide staff the opportunity to prepare the tender process and if staff required additional time, an extension could be granted. She asked for a provision in the agreement that the rate of payment not exceed CPI for July of that year. Mayor McCallion advised that she would request the Commissioner of Transportation and Works to comment on the conditions.

Martin Powell, Commissioner of Transportation and Works responded to questions of Councillor Parrish specifically with respect to sole source award, expenditure limit, operating and capital expenses, Brampton’s service model and the 2007 and 2009 budgets.

With respect to the RFP process, Mr. Powell advised that the City would have to conduct a thorough review of all the service models that are available and what is suitable for Mississauga. He advised that he was recommending that Management Studies conduct the review and bring a report to Council early in 2008. He advised that this would provide the opportunity for the contractor to mobilize and for the City to put in place the necessary staff resources.

Councillor Parrish enquired if staff would have sufficient time for tendering should the contract date be extended to the end of December, 2008 rather than to June 30, 2009. Mr. Powell advised that staff could work within this timeframe. He advised that staff would move expeditiously with the review and bring a report back to Council on how to proceed. With respect to the CPI requirement over the next two years, Mr. Powell advised that this also would be feasible but that he would have to discuss this issue with Enersource.

Councillor Parrish moved a motion to re-open the question with respect to the one-year extension of the Streetlighting Services Agreement with Enersource Hydro Mississauga Services Inc.

Councillor Pat Mullin advised that she had some questions before she could support a motion to re-open. She enquired as to what amount would be allocated in the 2008 budget; how realistic the timeframe was; if the request to not exceed the CPI was realistic; outsourcing; if any other projects would be delayed because of the amended timeframe and how is the present service provider evaluated.

Mr. Powell responded that without a response from Enersource, he could not address the 2008 budget or the CPI issue at this time. He advised if there would be an impact on the level of service, he would bring this to Council's attention. Regarding the timeframe, he advised that Management Studies along with Transportation and Works staff would be reviewing the issue thoroughly and would meet the end of the 2008 deadline. With respect to outsourcing, Mr. Powell advised that there was no consideration at this time, to outsource. He advised that the level of service is important and there is a good tracking system in place. He advised that Enersource had responded very well to issues. Mr. Powell further advised that staff is working on an efficiency program to review services throughout the City and that streetlighting was one of the first items on the work plan to be reviewed. He assured Council that other projects would not be deferred.

Councillor Nando Iannicca advised that Council awarded the sole source contract to Enersource due to the large economic advantage when the community serviced holds the physical capital of the service provider. He cautioned that if tendered, the low bidder would not necessarily provide quality of service. He advised that he concurred with the review stating however, that he felt that Enersource had provided good service.

In response to a question from Councillor Maja Prentice, if the City decided to proceed with a Request for Proposal (RFP), does the contract have to be awarded to the lowest bidder, the Commissioner of Corporate Services and Treasurer responded that although cost is a factor, other important factors are weighted and assessed.

Councillor Prentice suggested that staff obtain the information from Enersource prior to Council making a decision and moved that the matter be referred back to staff to obtain the required information from Enersource.

Councillor Parrish requested that her motion to re-open the question be dealt with first and she moved a motion to re-open the question with respect to the one-year extension of the Streetlighting Services Agreement with Enersource Hydro Mississauga Services Inc. which motion was voted on and carried. (Resolution 0145-2007)

Councillor Parrish asked Council to consider a motion to extend the Streetlighting Services Agreement with Enersource to December 31, 2008 and advised of the reasons for her motion. After discussion about this issue and other issues regarding Enersource, Councillor Parrish requested staff to bring forward a report to public session regarding the comments made in closed session with respect to the \$3 Million public debt as a result of the reorganization of Mississauga's hydro utility in 2000.

Mayor McCallion read the following motion:

That a by-law be enacted to authorize the Commissioner of Transportation and Works and the City Clerk to extend the Streetlighting Services Agreement with Enersource Hydro Mississauga Services Inc. for December 31, 2008.

**R-5 Provincial Election 2007: Summary of Key Issues for the City of Mississauga**

Report dated June 12, 2007 from the City Manager and Chief Administrative Officer with respect to Provincial Election 2007: Summary of Key Issues for the City of Mississauga.

**RECOMMENDATION**

1. That the report entitled "Provincial Election 2007: Summary of Key Issues for the City of Mississauga" dated June 12, 2007 from the City Manager and Chief Administrative Officer, being one of a series of corporate reports regarding matters of importance relating to the upcoming October 10, 2007 provincial election, be received for information.
2. That Council endorse the engagement strategy for the Provincial election in October 2007 as outlined in the report entitled, entitled "Provincial Election 2007: Summary of Key Issues for the City of Mississauga" dated June 12, 2007 from the City Manager and Chief Administrative Officer and that staff be directed to implement.

Councillor Pat Saito advised that a public meeting of the Safe Driving Committee regarding a new Automated Speed Compliance Program was scheduled for September 19, 2007 however, with the Town Hall meeting scheduled on that date she had agreed to reschedule the Safe Driving Committee meeting. Councillor Saito advised that she still hoped that this public meeting regarding the Automated Speed Compliance Program could be held prior to the provincial election in October.

- (c) Extracts of the public meetings held by the Planning and Development Committee on June 11, 2007:
  - (i) Amendment 63 to Mississauga Plan Southdown District Policies

Page 9 of the extracts was amended as follows:

“Councillor Mullin spoke to the Southdown District Policies, indicating that in response to poor air quality, it was the community that pressured hearings to be set up resulting in St. Lawrence Cement installing a baghouse to reduce dust emissions and Petro Canada putting in technology to reduce their sulphur dioxide emissions. Further, she advised that the Community has sat on the Petro Canada Liaison Committee and are now being asked to sit on another committee set up by the Ministry of the Environment with respect to monitoring stations within the community. The final results of the Clarkson Airshed Study show that the airshed is stressed and cannot accommodate any more industry that pollutes. Councillor Mullin stated that the community is fatigued in trying to deal with the industries and their emissions that affect air and impacts quality of life and more importantly, health. She pointed out that it took working with one industry alone 2 – 3 years to simply get their driveway paved to reduce the dust emissions on Southdown Road.

Councillor Mullin stated that the City of Mississauga has been mandated with intensification and a tremendous amount of residential is occurring in the area close to the industries. She also noted that works are planned for the Waterfront and the Fusion Park. The Ward Councillor reiterated that it was not the intention to take away existing rights but to ensure appropriate development on

vacant lands. Councillor Mullin also noted that the ORC has done a new facelift and although some companies maintain their properties, there are others that are in need of care. She pointed out that the Southdown District is one of the gateways into the community and there should be a vision to change the face of this area.

Councillor Mullin indicated that she would move receipt of the correspondence distributed at the meeting and summarized that she would not support any more heavy polluting industry in the area.”

I-3 Litter along Provincial Highway Interchanges

Letter dated May 17, 2007 from the Honourable Donna Cansfield, Minister of the Transportation responding to a letter dated March 28, 2007 from Mayor McCallion with respect to litter along provincial highway interchanges in Mississauga.

Councillor Maja Prentice advised that she attended the recent “Litter Blitz” with staff held in May at several of the 400 series highway interchanges in the City. She advised that the amount of litter was appalling and felt that it was improper that City staff would have to clean up litter on these provincial interchanges. She asked that the Mayor respond strongly to the letter from Minister Cansfield. Councillor Prentice asked for an update from staff regarding the litter blitz. The Commissioner of Community Services advised that a report would be prepared for the next General Committee meeting.

Councillor Pat Saito advised that the province had removed the garbage cans at their interchanges and installed larger “Do not litter” signs and that she had noticed that the Highway 403/Winston Churchill Boulevard interchange was cleaner with the removal of the garbage cans as people were throwing garbage and plastic bottles from their vehicles. She asked the Commissioner of Community Services, when preparing the report to General Committee, to provide an update on the pilot when signs were installed at the super mailboxes asking residents to either mail back junk mail through the Canada Post box or take it home and include it in their blue box.

WHEREAS the City of Mississauga makes a significant investment in the heritage of our community through our support of the Museums of Mississauga;

AND WHEREAS Museums play a fundamental role in the preservation and education of our heritage for future generations;

AND WHEREAS Museums are dynamic community centres, engaging millions of visitors and hundreds of thousands of volunteers across Canada;

AND WHEREAS museums are important generators of economic development and are central to driving tourism across the country, with 59 million visitors annually; with 60% of international tourists visiting a Canadian museum during their stay;

AND WHEREAS museums across Canada require strong public support and adequate resources to achieve their goals in communities;

AND WHEREAS the Federal Government has been working with the Canadian Museums Association to develop a new Canadian Museums Policy;

AND WHEREAS the Federal Government has announced a \$5 million (25%) cut in the Museums Assistance Program, the only Federal program devoted solely to supporting Museums;

NOW THEREFORE BE IT RESOLVED that Mississauga City Council call upon the Federal Government to introduce a new Canadian Museum Policy and to invest in Canada's museums to ensure they are a sustainable resource for present and future generations; and

BE IT FURTHER RESOLVED that Mayor Hazel McCallion write The Honourable Beverley J. Oda, Minister of Canadian Heritage and Status of Women, conveying the City of Mississauga's grave concern with the cut to the Museums Assistance Program and the need to introduce a new Canadian Museum Policy with appropriate funding, with a copy to Mr. John McAvery, Executive Director of the Canadian Museums Association.

a) Provincial Funding for Transit

Mayor McCallion referred to the recent announcement by the Premier of Ontario with respect to provincial funding for transit and that municipalities will not be asked to contribute to the capital costs for new projects. The role of the GTTA had been defined and the GTTA now has the authority to set priorities. The Mayor advised that one important issue is the widening of Highway 401 through Mississauga and the amount of congestion. She advised that she would be asking all Peel municipalities to provide a list of priorities to be submitted to the GTTA.

b) Pilot Project – Clothes Lines (Ward 9)

Councillor Saito advised that she had been working with Enersource on a pilot project in Ward 9 to promote the energy savings with the installation of umbrella style clothes lines. She advised that Enersource is working on a business plan and a potential rebate. Councillor Saito advised that she had researched the zoning by-law regarding accessories in backyards advising that the only restriction on clothes lines in Mississauga is that they cannot be attached to a fence.

c) Ontario Centre for Environmental Technology Advancement (OCETA)

Councillor Adams advised that she had been invited to speak at the Mississauga Airport Rotary this morning to 300 business leaders from the Airport area involved in the manufacturing business regarding a new program through the Ontario Centre for Environmental Technology Advancement (OCETA). She advised that this is the first time that this program had been introduced in Mississauga. OCETA will split the cost for an environmental consultant to review the hydro needs of large businesses and provide practical advice.
