She noted that there were individuals on the grants committee who represented groups that were applying for grants. Councillor Prentice advised that there are many arts-minded individuals within the community who could have been considered to participate in the discussions.

Ms. Zainub Verjee, Director Office of the Arts, noted that the grants committee was structured similarly to the Canada Council for the Arts, and that the structure encourages a peer review of grant applications. She noted that when the applications of specific grants for individuals on the Committee were brought forward, the individuals noted a conflict of interest and left the room.

Mayor McCallion commented on the situation and expressed support for Councillor Prentice's observations. She suggested that those who are applying for grants should not be involved in assessing grant applications and that next year the composition of the committee should be further reviewed.

Mr. Matthew Campagna and Mr. Jeff Campagn, Mississauga Independent Film Festival appeared before Committee with respect to the recommendations of the Community Cultural Festivals and Celebrations Grant Assessment Committee. Mr. Matthew Campagna provided a brief overview of the proposed inaugural Mississauga Independent Film Festival. He noted that the content of the festival would be strictly Canadian, and highlight independent film from a broad base of film makers. Mr. Jeff Campagna noted that the Mississauga Independent Film Festival would also feature an industry component, and outreach program to young aspiring film makers.

Councillor Saito thanked the deputants for appearing before Committee and sharing the details of their upcoming event. She enquired if the deputants had applied for special funding through the Mississauga/West Toronto Tourism office. Mr. John Lohuis, Director Parks and Recreation noted that the Mississauga/West Tourism has recently reevaluated its criteria for event funding, and suggested that the deputants submit details on their event to the board for review.

Councillor Prentice commented that the Living Arts Centre is converting a theatre space to accommodate film screenings, and that it could provide a venue to show festival films. She noted an opportunity for the Office of the Arts to collaborate with the deputants to advise them on their upcoming event.

Ms. Jennifer Kaye, Manager, Arts and Culture Initiatives, advised that the decision not to award funding was based on the application submitted by the Mississauga Independent Film Festival She noted the deficiencies in their application, yet recognized that to date the deputants had made substantial progress in organizing the event. Ms. Kaye advised that recently the Office of the Arts had recently met with the deputants to offer guidance on organizing their Festival. She further advised that meetings were held in advance to explain the grant process and encourage groups to participate and noted that a decision not to fund a particular event or group does not reflect in a lack of confidence in an event.

Councillor Nando Iannicca commented on the presentation made by the deputants. He expressed an interest in the City of Mississauga supporting the project, and commented on the importance of supporting Canadian talent and the arts. Councillor Katie Mahoney suggested that Council could help promote the Mississauga Independent Film festival by linking the Festival website to Councillor webpages. She suggested that the deputants also contact the University of Toronto Mississauga Campus to further promote their event. Councillor Parrish suggested that the Canada Day Festivities would also be an excellent venue to promote the Mississauga Independent Film Festival, and invited the deputants to attend.

Mayor McCallion noted that the event will use local theatres and venues and promote the City Centre. The festival also coincides with the ideas of placemaking and other City initiatives. Mayor McCallion advised that she would provide the necessary \$5000 from the Mayor's Gala fund to help sponsor the Mississauga Independent Film Festival.

Ms. Zainub Verjee, Director Office of the Arts noted the importance of adhering to funding deadlines when working with groups of applicants. She advised that this year there will be greater opportunity for staff to work with arts groups to ensure that applications are complete. Councillor Parrish commented on the importance of applicants knowing the criteria involved in an evaluation. She further suggested that in future the Office of the Arts should work closely with arts groups who submit applications.

Councillor Prentice enquired about the rationale for recommending that the Carassauga Festival receive a grant. Ms. Kaye advised that the Carassauga application scored high on their rating system. She, noted that Carassauga was currently experiencing volunteer burn out, and that there was a need for a change within the organization. Ms. Kaye advised that the Carassauga Festival had recently hired a director, to enable them to keep their momentum, and that there was therefore a need for additional funding. Councillor Prentice reflected on her personal history with the Carassauga Festival and cautioned about awarding grants to organizations only when there is a need.

Councillor Mullin also expressed concern about the recommendation to award only \$10,000 to the Clarkson 1808 Festival instead of the requested \$15,000. She gave a brief history of the Clarkson festival highlighting the significance of the Festival for the local Community. She noted that the Festival does require additional funding and explained the efforts involved in canvassing local industries within the Community.

Mayor McCallion expressed concern about the lack of funding for the Clarkson 1808 Festival and suggested that the funding for the Clarkson 1808 could be supplemented by the recommended grant for the Carassauga Festival. Mayor McCallion made the following amendment to the recommendation:

1. That the deputation made by Mr. Matthew Campagna, Founding Director, Mississauga Independent Film Festival and Mr. Jeff Campagna, Founding Director, Mississauga Independent Film Festival to General Committee at its meeting on May 14, 2008 with respect to the recommendations of the Community Cultural Festivals and Grant Assessment Committee be received for information.
