20.	ADJOURNMENT	79

PRESENT: Mayor Hazel McCallion
Councillor Carmen Corbasson Ward 1
Councillor Pat Mullin Ward 2
Councillor Maja Prentice Ward 3
Councillor Frank Dale Ward 4
Councillor Eve Adams Ward 5
Councillor Carolyn Parrish Ward 6
Councillor Katie Mahoney Ward 8
Councillor Sue McFadden Ward 10
Councillor George Carlson Ward 11

ABSENT: Councillor Nando Iannicca Ward 7
Councillor Pat Saito Ward 9

STAFF: Janice Baker, City Manager and Chief Administrative Officer
Martin Powell, Commissioner of Transportation and Works
Brenda Breault, Commissioner of Corporate Services and Treasurer
Paul Mitcham, Commissioner of Community Services
Ed Sajecki, Commissioner of Planning and Building
Mary Ellen Bench, City Solicitor
Crystal Greer, City Clerk
Shalini Alleluia, Legislative Coordinator
Evelyn Eichenbaum, Legislative Coordinator

1. **CALL TO ORDER**

The meeting was called to order at 9:10 a.m. by Mayor Hazel McCallion, with the saying of the Lord's Prayer.

2. **DISCLOSURES OF DIRECT OR INDIRECT PECUNIARY INTEREST - Nil**

3. **MINUTES OF PREVIOUS COUNCIL MEETINGS**

(a) March 11, 2009 - Session 6

Approved as presented
MG.01

4. APPROVAL OF THE AGENDA

The Agenda was approved with the following addition and changes to the order.

- (a) Hareesh Bhargav, unit owner of the plaza located at 808 Britannia Road West wished to update Council with respect to his discussions with their Condominium Corporation relating to the access matter through the adjacent lands relating to a Rezoning Application to permit multi-unit retail and service commercial uses, 820, 824 and 840 Britannia Road West, southeast quadrant of Britannia Road West and Latimer Drive, OZ 05/033, Ward 6.

Deputation 6(h)

By-laws – B-22/B-23

OZ 05/033 W6

- (b) The Resolution expressing sympathy on behalf of Council and City Staff on the passing of former Ward 1 Council Harold Kennedy was moved forward to the beginning of the meeting (Motion 13(j)).

Mayor Hazel McCallion eulogized Harold Kennedy fondly remembering his caring nature and advised that that City would be paying tribute to him with a plaque under a dogwood tree at the Brueckner Rhododendron Gardens.

Councillor Carmen Corbasson also spoke of Harold Kennedy as a mentor and best friend, adding that Charles Souza, MPP, Mississauga South, paid tribute to him at the Provincial legislation.

Councillor Pat Mullin said she sat beside him on Council for many years and spoke about how humble and special he was, adding that he will be missed by the residents of both Wards 1 and 2.

Resolution 0073-2009

PR.04

5. PRESENTATIONS

- (a) Ontario Heritage Trust Presentation

Bill Buchanan, member, Ontario Heritage Trust Board of Directors, along with Mayor Hazel McCallion, explained the purpose of the awards and presented the Ontario Heritage Trust Recognition Awards and pins to the following recipients.

Certificates of Achievement – Keith Gibson
Log Cabin Task Force
Heritage Tree Sub-Committee
Lifetime Achievement Award – Jenny Dale
Lieutenant Governor Lifetime Achievement Award – Mary Finley

Mr. Buchanan explained the accomplishments of each recipient and complimented on the volunteer hours given them. Photographs were taken with the recipients.

PR.05

6. DEPUTATIONS

(a) Tax Adjustments

There were no persons in attendance to address Council regarding tax adjustments.

Corporate Report R-1/Resolution 0066-2009
FA.13.Mun

(b) Tax Apportionments

There were persons in attendance to address Council regarding tax apportionments.

Corporate Report R-2/ Resolution 0066-2009
FA.36

(c) Video titled “Mouse”

Mario Pascucci, Chair, Dufferin-Peel Catholic District School Board, and Anna Abbruscato, Vice Chair, presented a video titled “Mouse”. He briefly explained the video which has been shown in all their schools as well as Peel Police is using it as an education tool. This video showed how easily a 10 year old boy was lured to a gang while he was alone and his mother was at work. He stated that the video was created to teach parents and children about the dangers of gangs and was created by parents, students and teachers from Ascension Catholic School in Malton, with Provincial funding through their Anti-Bullying Program.

Councillor Eve Adams noted that the actors were local residents from the ward and bullying as well as gangs were a serious issue. She noted that the City of Mississauga supports the Walmart After School program to positively engage children, adding that it is the immense sense of loneliness that children go through while their parents are working. She was also working on a Youth Drop in Program with several other agencies with a launch in September 2009. The Ward Councillor urged parents to be more proactive in recognizing what their children may be up to while they are at work.

Councillor Katie Mahoney invited Mr. Pascucci to share this video with the Peel Youth Violence Committee where she and Councillors Pat Saito and Sue McFadden were members. Also, she would share her copy with members in her community, adding that the video was very informative video as gangs, youth violence and bullying was a real problem that needed attention.

Councillor Frank Dale advised that with the assistance of the Region of Peel Council and Peel Regional Police Services Board, he is co-chairing a Committee called Connect to End Violence in Peel. Through this program, they hope the public will connect and enter into conversation to provide solutions on how to end violence in Peel. Councillor Dale advised that they hope to engage the public in this interactive program to address violence in Peel, adding any violence, be it violence to elderly, domestic violence, youth violence or otherwise was not acceptable.

A copy of the video was presented to all members of Council.

PR.04

(d) International Soccer Club

Tarek Sabry, Volunteer with the International Soccer Club and Barbara Loeff, Director of Operations, addressed Council with respect to their petition with 900 names of residents across the City to rent city soccer fields on specific days and times as listed on the petition. They showed a powerpoint presentation of their organization, explaining that their soccer teams are multicultural and each team member is also taught about their team player's country and learns to respect their culture.

Mr. Sabry explained their discussions with staff since their deputation in September 2008. He indicated that staff requested them to submit their application, adding that the fields would be allocated on March 18, 2009. He stated that on March 30, 2009, he received an e-mail stating that the fields were allocated to affiliated groups who receive first preference and have historically booked the fields. Mr. Sabry further met with Paul Mitcham and has since been advised that because the International Soccer Club was not an affiliated club, they were not given preference. He pointed out that there are 7

non-affiliated soccer clubs in Mississauga. Further, he was told that the International Soccer Club was not insured by the Ontario Soccer Association. In this regard, he did not feel the relevance as there are other clubs that are not insured by the Ontario Soccer Association and the International Soccer Club is insured with SportsCan which was well known in the sports field. He expressed other concerns relating to the difficulties experienced by non-affiliated soccer clubs in obtaining soccer fields.

Mr. Sabry also advised that the International Soccer Club was run by volunteers including himself and the Director of Operations. Also he advised that they provide free passes to children who cannot afford to pay and they receive the names of such children through both the school boards. He urged Council's consideration of their request so that they can play this summer and each year thereafter.

Councillor Carolyn Parrish expressed the importance of keeping children occupied with sports, especially after the video that was viewed earlier by Council. The Councillor moved referral of the petition to staff with a request that staff bring back a report on this matter as she stated that other non-affiliated groups have raised similar issues with her.

Councillor Sue McFadden also asked staff to see how the International Soccer Club can be accommodated at least when the fields are not being already booked. She asked that staff work through Commissioner Paul Mitcham, with this group to make their request feasible.

Petition P-1

Referred to Community Services Department for a report

RA.09

(e) Earth Days

Ella Basic, Public Affairs Consultant, Communications Division, presented the City's line-up of events for Earth Days 2009 including the 20-minute makeover, community cleanup and the Shelby Park Tree Planting Program. She also highlighted the new initiatives relating to the City's living green initiatives being introduced this year which included asking the residents to bring their own garbage bags and gloves and register on the website. Further, she explained the promotion strategy and listed the sponsors. Ms. Basic invited all members of Council to take part in the Earth Days events.

Mayor Hazel McCallion felt that the single day assigned for clean-up was not sufficient particularly given the amount of litter accumulated over the winter months across the City. She requested a meeting with staff to explore the feasibility of having clean ups over two weekends.

Councillor George Carlson agreed that there was too much happening at the same time on one day and felt that volunteer hours could be better used over 2 weekends. Also, he noted that blue box material was blown onto trees, fences, etc. and picking up litter was time consuming. He felt that using clear plastic bags instead of the blue boxes would solve the problem of recycling material flying out of the blue boxes.

Councillor Carolyn Parrish suggested approaching Grocery chains such as Loblaws, to assist with removing the plastic bags from trees.

Councillor Eve Adams agreed that it took more than one day to clear the litter that has accumulated over the winter months, and now that once the snow had melted, litter was much more visible. She noted that her community was very active with Earth Day.

PR.04.Ear

(f) EcoSource's Earth Day

Lea Ann Mallett, Executive Director, EcoSource, provided an update on EcoSource programming over the past year and presented the upcoming events for 2009. She explained that their program has increased over 50% and they work with the Region of Peel, City of Mississauga and School Boards. In particular, Ms. Mallett explained the programs they support with the schools including reduction of litter and waste, increasing recycling, etc. Also, in the last two years, they have provided support to the secondary schools to reduce waste and encourage them to become future environmental leaders.

With the use of a power point presentation, Ms. Mallett showed their programs including community gardens and school learning gardens and workshops. She advised that she was working with Councillor Pat Mullin for a community garden in Ward 2. Also, Ms. Mallett explained that they work with students to eat locally produced healthy food and are introducing local healthy snacks (granola bars) into the elementary schools. These granola bars were produced in partnership with them to address the problem of obesity and also support local farmers. She advised that the Peel Environmental Youth Alliance has been accepted as a template in how to bring Youth Alliances in the Province of Ontario. She extended their support to the City of Mississauga and links with their website to encourage growing a green community.

All members of Council were given an Ecosource Recyclable bag as an encouragement to not use plastic bags.

Councillor Maja Prentice complimented the service especially since they are educating the students in schools about the benefits of their program. Also, she complimented Ecosource as she has been informed by staff at the Region that they are very good to work with.

Councillor George Carlson advised Council that the Environmental Advisory Committee now had three youth members on the committee and was looking forward to working with them.

Councillor Sue McFadden thanked Ecosource for spearheading the project at the O'Connor Park, adding that the children are very proud of their results there. She pointed out that this project was initially opposed and the students have learned that they can raise an issue and be an advocate to positive change.

PR.04.Ear

- (g) Charles Souza, MPP, Mississauga South, addressed Council with respect to the Notice of Motion from Councillor Pat Mullin relating to Power Generating Facilities within the Clarkson area. On a verbal motion by Councillor Mullin, the Notice of Motion was moved forward and dealt with during this deputation.

Mayor Hazel McCallion moved a short reading of the motion as it was included on the Agenda.

MPP Sousa congratulated the residents of South Mississauga for banding together to make a difference on environmental issues and protecting the waterfront, noting that they also worked together in dealing with the Lakeview Generating matter. He noted that Mississauga was doing its part by hosting a plant in east Mississauga, a plant that will be one of the cleanest and run for a much lesser time. He advised that he has presented a petition from the residents to Queens Park on this matter and has conveyed the resident's comments and concerns to the Ontario Power Authority (OPA) and the Province. MPP Souza pointed out that he is a long time resident of the area and knows that Clarkson is zoned for heavy industrial and power generation and the zoning will play an important part in where these power generation facilities will locate. Further, he stated that air quality was also a big issue in the Clarkson area and will take the above Resolution back to Queens Park on behalf of the residents of Clarkson.

Councillor Pat Mullin explained the background of the power generation facilities in south Mississauga and pointed out that it was the residents and not the Ministry of the Environment that has worked towards making a difference to the air and water quality in Clarkson. She explained that the Clarkson Airshed study undertaken by the Ministry of the Environment indicates that

the Clarkson Airshed is stressed and a natural gas-fired generating facility which is one of the largest polluters, will only exacerbate the already stressed Clarkson Airshed. Further, the Ward Councillor pointed out that the Ministry undertook the study in phases and Phase 4 was to work with the industries to be within established compliance, but to date, nothing has been done. She read out a section of the Environmental Protection Act whose purpose is to provide for the protection of the natural environment, and the responsibility for the administration and enforcement under the Minister of the Environment. Further, she quoted that the City's Strategic Plan also identifies the Health and the Environment which are important to the residents of Mississauga and need to be addressed in how development is shaped.

On a verbal motion by Councillor Pat Mullin the Notice of Motion was moved with a request for a recorded vote.

Councillor Carmen Corbasson advised that a power generating plant was being located on Loreland Avenue and a power plant development application was a new phenomenon which came upon the City very quickly, adding that the OMB viewed the rights of the landowner higher than those of the surrounding residents. She sincerely hoped that there will not be two power generating facilities in South Mississauga.

Councillor Carolyn Parrish pointed out that the new standards are to come into effect in 2010 and hoped that the Ministry of the Environment will look at it retroactively. Also, she expressed concern that the proposal was awarded to the lowest bidder but rather should be given to the proposal with cleanest and least emissions. She urged MPP Souza to take this message back to the Legislation. Further, Councillor Parrish noted that areas west of Mississauga were rapidly developing and travelling through Mississauga was adding to the pollution.

Mayor Hazel McCallion advised that even though industries meet the standards, they need to decrease the emissions to improve the situation. She felt that Mississauga has been let down by the Ministry of the Environment as nothing has been done with the results of the Airshed study. Mayor McCallion stressed that the City of Mississauga has worked with the OPA and the OPG to come up with a plan that was a compromise, however, the Clarkson area was already loaded with pollutants and the results of the Airshed study confirm this.

Mayor McCallion advised that she has requested the Minister of the Environment to meet with the residents of Mississauga with respect to the results of the Airshed study which have not been addressed. The Mayor expressed concern that the St. Lawrence Cement lands which are located in South Mississauga have been sold to one of the power generating facility proponents. Further, the Mayor pointed out that the Loreland Power

Generating facility in east Mississauga is located in a residential area and it was unfair to the residents of South Mississauga to have another such facility, especially when the Airshed is already heavily polluted. Also, the Mayor reminded that the City of Mississauga has one in the Goreway Drive area, one in the Airport and felt that the City of Mississauga has done their share in accepting these power plants and another one in an already polluted Airshed was not acceptable and requested MPP Charles Souza to take this message back to Queens Park.

Councillor Maja Prentice felt that the emission standards were too low and has heard about the stressed Clarkson Airshed since 1985 because there are too many heavy industrial land uses in the area.

On a motion by Councillor Pat Mullin, the following was voted on and a recorded vote was taken:

WHEREAS the Ontario Power Authority is currently proceeding with a procurement process for the construction of an approximately 850 MW combined-cycle natural gas-fired generating facility in the Southwest Greater Toronto Area:

AND WHEREAS the Request for Proposals regarding this procurement states that the proposed facility will be located in Etobicoke, Mississauga, or Oakville, with a restriction being that it may not be located at the site of the retired Lakeview Thermal Generating Station in Mississauga;

AND WHEREAS it appears there are four qualified applicants arising from the first phase of the Request for Proposals, who will be eligible to compete in the second phase of the procurement process, and some or all of these are or may be contemplating the construction of the generating facility in the Clarkson area of Mississauga, such as Sithe Global Power Southdown ULC which has identified its proposed location as the Southdown Station, located in the Clarkson area;

AND WHEREAS the Ministry of the Environment conducted Phases I, II and III of an air quality study for the Clarkson area Airshed, and in the Phase III study, the Ministry recognized the value of proceeding with Phase IV being the establishment of the Clarkson Airshed Advisory Committee as a means by which to achieve better air quality in the Clarkson area and to get commitments from industry in the area to “go beyond compliance”;

AND WHEREAS the Clarkson Airshed is stressed, with key contaminants being particulate matter less than or equal to 10 microns in size, particulate matter less than or equal to 2.5 microns in size, nitrogen oxides, and volatile organic compounds;

AND WHEREAS the introduction of a natural gas-fired generating facility in the Clarkson area will only exacerbate the existing stressed Clarkson Airshed, causing even greater risk of negative health impacts upon the people who reside and work in the Clarkson area;

AND WHEREAS the Province of Ontario has indicated through recent changes to the *Planning Act* under Bill 51, and now through Bill 150, that undertakings related to energy may be, or in the case of those undertakings described in Bill 150 will be, decided by the Provincial Government and not by local municipal and other authorities;

AND WHEREAS the *Environment Protection Act* states in subsection 3(1) that its purpose is to provide for the protection and conservation of the natural environment, and the Act goes on to charge the Minister of the Environment with responsibility for the administration and enforcement of this Act;

AND WHEREAS the *Environmental Bill of Rights, 1993* sets out the following principles in its preamble:

The people of Ontario recognize the inherent value of the natural environment.
The people of Ontario have a right to a healthful environment.
The people of Ontario have as a common goal the protection, conservation and restoration of the natural environment for the benefit of present and future generations.

While the government has the primary responsibility for achieving this goal, the people should have the means to ensure that it is achieved in an effective, timely, open and fair manner.

AND WHEREAS the residents of Clarkson and of Mississauga, who are also people of Ontario, have a right as well to a healthful environment, and the City recognizes that the Government of Ontario has taken on the responsibility and the authority both through recent legislative activity, as well as historically having assumed the mandate for achieving the goal of providing a healthful environment for the people of Ontario under the *Environment Protection Act*;

NOW THEREFORE BE IT RESOLVED THAT:

1. The City of Mississauga believes that the Clarkson Airshed is too stressed to sustain the introduction of any new industrial activity or undertaking of any kind, including a natural gas-fired power generating facility, within the Clarkson area which will cause emissions into the environment, irrespective of whether the nature and volume of such emissions may comply with any existing Provincial regulations or standards.
2. The City of Mississauga calls upon the Province of Ontario to impose a moratorium on granting approvals, whether through a certificate of approval or through any other process, for the construction and operation of any new industrial activity or undertaking of any kind in the Clarkson area of Mississauga.

3. The City of Mississauga calls upon the Government of the Province of Ontario, the Minister of Energy and Infrastructure, the Minister of the Environment and the Ontario Power Authority to assure the residents of the City of Mississauga that in the current and any future procurement process for the construction of a natural gas-fired power generating facility in the Southwest Greater Toronto Area, the restricted locations will be extended to include the Clarkson area so that no such power generating facility will be constructed in the Clarkson Airshed study area.

A recorded vote was requested with the following results:

	<u>YES</u>	<u>NO</u>
Mayor H. McCallion	X	
Councillor C. Corbasson	X	
Councillor P. Mullin	X	
Councillor M. Prentice	X	
Councillor F. Dale	X	
Councillor E. Adams	X	
Councillor C. Parrish	X	
Councillor N. Iannicca	Absent	
Councillor K. Mahoney	X	
Councillor P. Saito	Absent	
Councillor S. McFadden	X	
Councillor G. Carlson	X

Carried (Unanimous)

Notice of Motion 17(a)

Resolution 0078-2009 (Notice of Motion 16(a))

CD.09

- (h) Phil King, Orlando Corporation, addressed Council with respect to the Rezoning Application to permit multi-unit retail and service commercial uses, 820, 824 and 840 Britannia Road West, southeast quadrant of Britannia Road West and Latimer Drive, OZ 05/033, Ward 6. Mr. King noted that the by-law with respect to the rezoning was on the Council Agenda. Further, he has been advised by the adjacent condo corporation that they have received agreement for an access at the rear of the property to Plymouth Drive at a cost of \$500,000. He stated that the cost was for the value of the land which would have been charged to anyone else, adding that they have already paid for the sanitary sewers, etc. Mr. King advised that to assist the owners of the plaza, they are suggesting that they pay this money in the form of a donation to the Carlo Fidani Trust Fund at the Credit Valley Hospital.

Mr. King requested that Council approve the by-law (B-22 and B-23 on the Agenda) as their rezoning was a land use matter and did not impact the on-going discussions relating to the access to the adjacent site.

Mayor Hazel McCallion advised that she has requested a meeting with City and Regional staff on the access issue as it has not been resolved yet. Mayor McCallion also pointed out that the development was approved with only one access and this was not good planning at the time, adding that the development of these lands were at the OMB.

Councillor Carolyn Parrish urged Mr. King to see how Orlando can work with the plaza owners with respect to the access, adding that she had not been made aware of the donation to the Carlo Fidani fund until now.

Hareesh Bhargav, unit owner of the plaza located at 808 Britannia Road West, updated Council with respect to his discussions with their Condominium Corporation relating to the access situation through the Orlando lands. He advised that the discussions resulting from the meetings with the Region of Peel were only made known to them on April 2, 2009 and based on the options provided, their condominium corporation would be agreeable to paying Orlando \$500,000 for the access to Plymouth Drive because it was the cheapest option. He stated that he was not made aware of Orlando's suggestion to give the money back into the community by donating the \$500,000 to the Carlo Fidani Trust Fund.

Subsequently, at the request of Councillor Parrish, By-laws 22 and 23 were deferred to allow for additional discussions with all parties with respect to the access.

By-laws – B-22/B-23 Deferred
OZ 05/033 W6

7. **PUBLIC QUESTION PERIOD** (in accordance with Section 36 of the City of Mississauga Procedure By-law 0421-2003 - Council may grant permission to a person who is present and at Council and wishes to address Council on a matter on the Agenda. For any other matter, leave must be granted by Council to deal with a matter not on the agenda).

Ursula Keuper-Bennett addressed Council with respect to GC-0200-2009 relating to the bankruptcy of Infoplance Ticket Centres Ltd. She asked for the chronology of events and enquired as to when the City Manager was made aware about the losses that the City incurred due to the bankruptcy.

Janice Baker, City Manager, responded that she was made aware of the situation about 3 or 4 weeks after the bankruptcy as staff were working with the Trustee to recover the monies.

Ms. Keuper-Bennett also asked for the Corporate Policy that dealt with the process for the ticket sales and was advised that there was no policy relating to the ticket sales however, the process followed is contained in Corporate Reports R-8 and R-9 on the Additional Agenda.

LA.12/CA.15/FA.11

8. CORPORATE REPORTS

R-1 Tax Adjustments

Report dated March 25, 2009 from the Commissioner of Corporate Services and Treasurer with respect to Tax Adjustments.

RECOMMENDATION:

That the tax adjustments outlined in Appendix 1 attached to the report dated March 25, 2009 from the Commissioner of Corporate Services & Treasurer, for applications for cancellation or refund of taxes pursuant to section 334, 357 and 358 of the *Municipal Act*, be adopted.

Resolution 0066-2009

FA.13.Mun

R-2 Tax Apportionments

Report dated March 25, 2009 from the Commissioner of Corporate Services and Treasurer with respect to Apportionment of Taxes.

RECOMMENDATION:

That the recommended apportionment of taxes and payments set out in Appendix 1 of the report dated March 25, 2009 from the Commissioner of Corporate Services & Treasurer, be approved.

Resolution 0067-2009

FA.36

R-3 Emergency Response Agencies

Report dated March 25, 2009 from the Commissioner of Community Services with respect to a Emergency Response Agencies.

RECOMMENDATION

That the Corporate Report dated March 25, 2009 from the Commissioner of Community Services with regard to profiling key responding agencies during an emergency response, be received for information.

Resolution 0068-2009
CS.01

R-4 Bill 150 – The Proposed Green Energy and Green Economy Act, 2009

Report dated March 24, 2009 from the City Solicitor with respect to Bill 150 – The Proposed Green Energy and Green Economy Act, 2009

RECOMMENDATION

1. That the Report of the City Solicitor with respect to Bill 150 – The Proposed *Green Energy and Green Economy Act, 2009*, dated March 24, 2009, be received for information;
2. That Council authorize a representative of the City to attend before the Standing Committee on General Government to make submissions respecting the proposed legislation, reflecting the comments and recommendations set out in this report; and
3. That a copy of this report be forwarded to the Premier of Ontario, the Minister of Infrastructure and Technology, the Minister of Energy, the Minister of the Environment, the Minister of Municipal Affairs and Housing, all local MPPs, the Region of Peel and the Association of Municipalities of Ontario (AMO).

Resolution 0069-2009/Information Item I-19

R-5 Proposed Zoning By-law Amendments – Definitions of Lodging House and Lodging Unit

Report dated March 16, 2009 from the Commissioner of Planning and Building with respect to Proposed Zoning By-law Amendments – Definitions of Lodging House and Lodging Unit

RECOMMENDATION

1. That the amendments to Zoning By-law 0225-2007 prepared in accordance with the report titled “Proposed Zoning By-law Amendments - Definitions of Lodging House and Lodging Unit” dated March 16, 2009 from the Commissioner of Planning and Building be adopted by City Council.

2. That notwithstanding that subsequent to the public meeting, changes to the zoning by-law amendment have been proposed, City Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the *Planning Act, R.S.O. 1990, c.P.13*, as amended, any further notice regarding the proposed amendment is hereby waived

Resolution 0070-2009/By-law 0080-2009/

Information Item I -35, I-36, I-37

CD.06.Hou

BL.09.Roo

- R-6 SUPPLEMENTARY REPORT – Rezoning Application to permit 80 Standard Condominium Townhouses 2249 Derry Road West and 7050 Terragar Boulevard, Northwest corner of Derry Road West and Terragar Boulevard, Owner: Bremont Homes Corporation, Applicant: Deanlee Management Inc., Bill 51, OZ 08/006 W10, Ward 10

Report dated March 16, 2009 from the Commissioner of Planning and Building with respect to a Rezoning Application to permit 80 Standard Condominium Townhouses 2249 Derry Road West and 7050 Terragar Boulevard, Northwest corner of Derry Road West and Terragar Boulevard, Owner: Bremont Homes Corporation, Applicant: Deanlee Management Inc., Bill 51, OZ 08/006 W10, Ward 10

RECOMMENDATION

That the Report dated March 16, 2009, from the Commissioner of Planning and Building recommending approval of the application under File OZ 08/006 W10, Bremont Homes Corporation, 2249 Derry Road West and 7050 Terragar Boulevard, northwest corner of Derry Road West and Terragar Boulevard, be adopted in accordance with the following:

1. That the application to change the Zoning from "D" (Development) to "RM4-Exception" (Townhouse dwellings) to permit 80 standard condominium townhouses in accordance with the proposed zoning standards described in the Information Report, be approved subject to the following conditions:
 - (a) That the applicant agrees to satisfy all the requirements of the City and any other official agency concerned with the development.
 - (b) Prior to the passing of an implementing zoning by-law for residential development, the City of Mississauga shall be advised by the Dufferin-Peel Catholic District School Board and the Peel District School Board that satisfactory arrangements regarding the adequate provision and distribution of educational facilities have been made between the developer/applicant and the School Board for the subject development.

2. That the decision of Council for approval of the rezoning application is considered null and void, and a new development application is required unless a zoning by-law is passed within 18 months of the Council decision.

Resolution 0071-2009

OZ 08/006 W10

- R-7 SUPPLEMENTARY REPORT – Official Plan Amendment and Rezoning Applications to permit a 123 unit retirement residence and daycare facility, 5575 Bonnie Street, South side of Thomas Street, west of Winston Churchill Boulevard, Owner/Applicant: Tacpar Gate Developments Inc., Bill 51, OZ 08/014 W10, Ward 10

Report dated March 16, 2009 from the Commissioner of Planning and Building with respect to an Official Plan Amendment and Rezoning Applications to permit a 123 unit retirement residence and daycare facility, 5575 Bonnie Street, South side of Thomas Street, west of Winston Churchill Boulevard, Owner/Applicant: Tacpar Gate Developments Inc., Bill 51, OZ 08/014 W10, Ward 10

RECOMMENDATION:

That the Report dated March 16, 2009, from the Commissioner of Planning and Building recommending approval of the applications under File OZ 08/014 W10, Tacpar Gate Developments Inc, 5575 Bonnie Street, be adopted in accordance with the following:

1. That notwithstanding that subsequent to the public meeting, changes to the applications have been proposed, Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the *Planning Act*, R.S.O. 1990, c.P.13, as amended, any further notice regarding the proposed amendment is hereby waived.
2. That the application to amend Mississauga Plan from "Residential High Density I" to "Residential High Density I – Special Site" to permit a maximum density of 180 units per net residential hectare (72.8 units per acre) for a retirement and/or long term care residence, be approved.
3. That the application to change the Zoning from "D" (Development) to "RA2 – Exception" (Residential – Apartments) to permit a retirement and/or long term care residence and a day care as an accessory use in accordance with the proposed zoning standards described in the staff report, be approved subject to the following conditions:
 - (a) That the applicant agree to satisfy all the requirements of the City and any other official agency concerned with the development.

4. That the decision of Council for approval of the rezoning application be considered null and void, and a new development application be required unless a zoning by-law is passed within 18 months of the Council decision.

Resolution 0072-2009

OZ 08/014 W10

R-8 Account Receivable Collection Processes Audit

Report dated April 6, 2009 from the Director, Internal Audit, with respect to Account Receivable Collection Processes Audit

RECOMMENDATION:

That the report dated April 6, 2009 from the Director of Internal Audit, with respect to the Accounts Receivable Collection Processes Audit, be received for information.

Members of Council requested that the above report be referred to the next Audit Committee meeting for further discussion.

Resolution 0076-2009

CA.15/FA.11

R-9 Accounts Receivable and Collections

Report dated April 6, 2009 from the Commissioner of Corporate Services and Treasurer with respect to Accounts Receivable and Collections.

RECOMMENDATION:

That the Report dated April 6, 2009 from the Commissioner of Corporate Services and Treasurer with respect to Accounts Receivable and Collections, be received for information.

Councillor Eve Adams expressed concern that residents are penalized when they do not pay their taxes on time while corporations were not charged interest when they offended with late payments. Brenda Breault, Commissioner, advised that since this matter came to light, staff are working to rectify the policy, however, since the policy came into existence in 1988, much of the receivables dealt with other municipalities, Region of Peel, Ministry of Transportation, etc.

Councillor Maja Prentice expressed concern that almost \$6 million was outstanding over 90 days. She was advised that 80% of the outstanding invoices were from the MTO, GO Transit, Region of Peel and other such agencies. Unpaid invoices are handed over to collection agencies. Councillor Prentice requested that staff bring back a similar report in a few months so that there is a comparison on the status.

Members of Council requested that the above report be referred to the next Audit Committee meeting for further discussion.

Resolution 0077-2009

CA.15/FA.11

9. COMMITTEE REPORTS

(a) **Audit Committee – Report 1 – 2009 dated March 9, 2009**

10. UNFINISHED BUSINESSUB-1 2008 Growth Forecasts – Supplementary Report

The following matter was referred to Council without a recommendation to allow staff additional time to provide further information.

Report dated March 10, 2009 from the Commissioner of Planning and Building with respect to 2008 Growth Forecasts – Supplementary Report

RECOMMENDATION:

1. That the Region of Peel be requested to amend the Regional Official Plan to provide for the High Growth Scenario for the City of Mississauga prepared by Hemson Consulting Ltd. contained in the report titled “*2008 Growth Forecasts – Supplementary Report*” dated March 10, 2009 from the Commissioner of Planning and Building.
2. That the High Growth Scenario for the City of Mississauga prepared by Hemson Consulting Ltd. contained in the report titled “*2008 Growth Forecasts – Supplementary Report*” dated March 10, 2009 from the Commissioner of Planning and Building, be endorsed for the purpose of service and infrastructure planning and the Development Charges Review.
3. That the report titled “*2008 Growth Forecasts – Supplementary Report*” dated March 10, 2009 from the Commissioner of Planning and Building, be circulated, by the City Clerk, for information to the City of Brampton, Town of Caledon and Region of Peel.

Memorandum dated April 3, 2009 from the Commissioner of Planning and Building providing the additional information requested at the Planning and Development Committee on March 30, 2009, with respect to the 2008 Growth Forecasts – Supplementary Report was circulated in the Additional Agenda.

Councillor Sue McFadden requested clarification of the relationship between population increase and the levy process. Roberto Rossini, Director of Finance, explained that population fed into capital needs which is then translated into development charges. Ed Sajecki, Commissioner, further explained that it was staff’s recommendation that Council approve the PDC recommendation, particularly since the figures have a relationship to transit needs. He indicated that OPA 95 needs to go through a public process and the figures will be monitored.

Councillor Frank Dale expressed concern that the corridor may become developed without the Provincial funding for transit being in place. He suggested that phasing arrangements be considered.

Mayor Hazel McCallion indicated that the Province was to provide funding through their growth plan and concurred that Provincial funding was allocated based on growth. She felt that the projected numbers were reasonable and that they be monitored as suggested by the Commissioner.

Further, Mayor McCallion advised that she has requested Martin Powell, Commissioner of Transportation and Works, to have staff bring the BRT plans up to date so that it is ready to proceed forward once the funding is approved by the Province.

Direction – Staff were directed to include the phasing of transit into OPA 95.

1. That the amendments to Zoning By-law 0225-2007 prepared in accordance with the report titled “Proposed Zoning By-law Amendments - Definitions of Lodging House and Lodging Unit” dated March 16, 2009 from the Commissioner of Planning and Building be adopted by City Council.

2. That notwithstanding that subsequent to the public meeting, changes to the zoning by-law amendment have been proposed, City Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the *Planning Act, R.S.O. 1990, c.P.13*, as amended, any further notice regarding the proposed amendment is hereby waived

That the Report dated March 16, 2009, from the Commissioner of Planning and Building recommending approval of the application under File OZ 08/006 W10, Bremont Homes Corporation, 2249 Derry Road West and 7050 Terragar Boulevard, northwest corner of Derry Road West and Terragar Boulevard, be adopted in accordance with the following:

1. That the application to change the Zoning from "D" (Development) to "RM4-Exception" (Townhouse dwellings) to permit 80 standard condominium townhouses in accordance with the proposed zoning standards described in the Information Report, be approved subject to the following conditions:
 - (a) That the applicant agrees to satisfy all the requirements of the City and any other official agency concerned with the development.
 - (b) Prior to the passing of an implementing zoning by-law for residential development, the City of Mississauga shall be advised by the Dufferin-Peel Catholic District School Board and the Peel District School Board that satisfactory arrangements regarding the adequate provision and distribution of educational facilities have been made between the developer/applicant and the School Board for the subject development.
2. That the decision of Council for approval of the rezoning application is considered null and void, and a new development application is required unless a zoning by-law is passed within 18 months of the Council decision.

And Whereas Harold was appointed as a Life Member of the Traffic Safety Council in 1994 in recognition of his many years of service to the residents of Mississauga as a Council representative on the Traffic Safety Council,

And Whereas Harold earned a reputation for his hard work in the community, his extraordinary service to his constituents, as well as he was actively involved in a number of charitable organizations, St. John's Ambulance, Credit Valley Conservation and the Lions Club of Mississauga to name a few,

And Whereas Harold comes from a family that has made an incredible contribution to our city and our province.

Now therefore be it resolved that sincere condolences be extended on behalf of Council and staff to the family of Harold Kennedy.

WHEREAS pursuant to Section 34 of the Planning Act, R.S.O. 1990, c.P.13, as amended, on June 20, 2007, Council adopted By-law 0225-2007, being a new Mississauga Zoning By-law for all of the City of Mississauga;

AND WHEREAS lands located on the west side of Erin Mills Parkway, north of the Queen Elizabeth Way, Part of Lot 31, Concession 1, South of Dundas Street, Chair of the Management Board of Cabinet (Ontario Realty Corporation), were part of a road allowance, and the adjacent Office designation in the Sheridan Planning District would apply to these lands and the adjacent "RCL1-792" zoning was determined to extend to the centreline of the road allowance in Zoning By-law 5500;

AND WHEREAS the subject lands (former road allowance) have been declared surplus and are a separate parcel from the adjacent municipal road (Erin Mills Parkway), the provision relating to the zoning extending to the centreline of the street would no longer apply to the surplus parcel, which renders the lands without zoning;

AND WHEREAS the Chair of the Management Board of Cabinet (Ontario Realty Corporation) has requested a revision to Zoning Map 18 of the new Zoning By-law to include the subject lands in the adjacent "O-1" zone to allow the uses permitted thereunder;

AND WHEREAS Council considers it appropriate to designate and zone lands previously part of a road allowance;

WHEREAS the Ontario Power Authority is currently proceeding with a procurement process for the construction of an approximately 850 MW combined-cycle natural gas-fired generating facility in the Southwest Greater Toronto Area;

AND WHEREAS the Request for Proposals regarding this procurement states that the proposed facility will be located in Etobicoke, Mississauga, or Oakville, with a restriction being that it may not be located at the site of the retired Lakeview Thermal Generating Station in Mississauga;

AND WHEREAS it appears there are four qualified applicants arising from the first phase of the Request for Proposals, who will be eligible to compete in the second phase of the procurement process, and some or all of these are or may be contemplating the construction of the generating facility in the Clarkson area of Mississauga, such as Sithe Global Power Southdown ULC which has identified its proposed location as the Southdown Station, located in the Clarkson area;

AND WHEREAS the Ministry of the Environment conducted Phases I, II and III of an air quality study for the Clarkson area Airshed , and in the Phase III study, the Ministry recognized the value of proceeding with Phase IV being the establishment of the Clarkson Airshed Advisory Committee as a means by which to achieve better air quality in the Clarkson area and to get commitments from industry in the area to “go beyond compliance”;

AND WHEREAS the Clarkson Airshed is stressed, with key contaminants being particulate matter less than or equal to 10 microns in size, particulate matter less than or equal to 2.5 microns in size, nitrogen oxides, and volatile organic compounds;

AND WHEREAS the introduction of a natural gas-fired generating facility in the Clarkson area will only exacerbate the existing stressed Clarkson Airshed, causing even greater risk of negative health impacts upon the people who reside and work in the Clarkson area;

AND WHEREAS the Province of Ontario has indicated through recent changes to the *Planning Act* under Bill 51, and now through Bill 150, that undertakings related to energy may be, or in the case of those undertakings described in Bill 150 will be, decided by the Provincial Government and not by local municipal and other authorities;

AND WHEREAS the *Environment Protection Act* states in subsection 3(1) that its purpose is to provide for the protection and conservation of the natural environment, and the Act goes on to charge the Minister of the Environment with responsibility for the administration and enforcement of this Act;

AND WHEREAS the *Environmental Bill of Rights, 1993* sets out the following principles in its preamble:

The people of Ontario recognize the inherent value of the natural environment.
The people of Ontario have a right to a healthful environment.
The people of Ontario have as a common goal the protection, conservation and restoration of the natural environment for the benefit of present and future generations.

While the government has the primary responsibility for achieving this goal, the people should have the means to ensure that it is achieved in an effective, timely, open and fair manner.

AND WHEREAS the residents of Clarkson and of Mississauga, who are also people of Ontario, have a right as well to a healthful environment, and the City recognizes that the Government of Ontario has taken on the responsibility and the authority both through recent legislative activity, as well as historically having assumed the mandate for achieving the goal of providing a healthful environment for the people of Ontario under the *Environment Protection Act*;

NOW THEREFORE BE IT RESOLVED THAT:

1. The City of Mississauga believes that the Clarkson Airshed is too stressed to sustain the introduction of any new industrial activity or undertaking of any kind, including a natural gas-fired power generating facility, within the Clarkson area which will cause emissions into the environment, irrespective of whether the nature and volume of such emissions may comply with any existing Provincial regulations or standards.

2. The City of Mississauga calls upon the Province of Ontario to impose a moratorium on granting approvals, whether through a certificate of approval or through any other process, for the construction and operation of any new industrial activity or undertaking of any kind in the Clarkson area of Mississauga.
3. The City of Mississauga calls upon the Government of the Province of Ontario, the Minister of Energy and Infrastructure, the Minister of the Environment and the Ontario Power Authority to assure the residents of the City of Mississauga that in the current and any future procurement process for the construction of a natural gas-fired power generating facility in the Southwest Greater Toronto Area, the restricted locations will be extended to include the Clarkson area so that no such power generating facility will be constructed in the Clarkson Airshed study area.

15. OTHER BUSINESS

16. INQUIRIES

(a) Update on Enersource Negotiations

Councillor Carmen Corbasson enquired about the status of the Enersource negotiations as she has been asked about the matter by her residents. She was advised that an update on the Strategic Plan as well as the matter of the Shareholder's Agreement has been scheduled as two separate items for an In Camera session at the General Committee meeting of April 15, 2009 at the direction of Council in Camera on March 11, 2009. The City Manager recalled that Council was to hear the presentation on the Strategic Plan and the update on the negotiations matter on April 8, 2009, however, at the request of Councillors Pat Saito and Nando Iannicca who would not be present at the meeting; it was rescheduled to the General Committee meeting of April 15, 2009.

Considerable discussion took place with respect to the status of the negotiations. Councillor Carolyn Parrish advised that she would move a resolution to invite the City's outside Legal Counsel to meet with them prior to the April 15, 2009 General Committee meeting date.

Janice Baker clarified that she would set up a meeting with the Jeff Singer, Stikeman & Elliott, City's Legal Counsel, prior to April 15, 2009 and then on April 15th, Council would meet with Enersource Senior Officials and Mr. Nobrega and that this has already been arranged.

Resolution 0080-2009
