**Supplementary Report**

**Ward 9**

**RECOMMENDATION:** That the Report dated March 5, 2012, from the Commissioner of Planning and Building recommending approval of the rezoning application under File OZ 11/006 W9, Home Depot Holdings Inc., 2920 Argentia Road, south side of Argentia Road east of Winston Churchill Boulevard, be adopted in accordance with the following:

1. That notwithstanding that subsequent to the Public Meeting, a change to the application has been proposed, Council considers that the change does not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the *Planning Act*, R.S.O. 1990, c.P.13, as amended, any further notice regarding the proposed amendment is hereby waived;

2. That the application to change the Zoning from "E1-10" (Employment in Nodes) to "E1-Exception" (Employment in Nodes), to permit a convenience restaurant in addition to the permitted uses, in accordance with the revised proposed zoning standards outlined in Appendix S-4, be approved subject to the following condition:
  - (a) That the applicant agrees to satisfy all the requirements of the City and any other official agency concerned with the development.
3. That the decision of Council for approval of the rezoning application be considered null and void, and a new development application be required unless a zoning by-law is passed within 18 months of the Council decision.

**BACKGROUND:**

A public meeting was held by the Planning and Development Committee on December 5, 2011, at which time a Planning and Building Department Information Report (Appendix S-1) was presented and received for information.

At the Public Meeting, no member of the public expressed an interest on the subject application. The Planning and Development Committee passed Recommendation PDC-0062-2011 to receive the Information Report and directed staff to bring the Supplementary Report directly back to a future Council meeting (Appendix S-2).

Subsequent to the Public Meeting, the applicant has introduced the following minor changes to the proposal in response to the comments provided by various agencies and departments:

- The proposed maximum gross floor area of the restaurant was reduced from 175.0 m<sup>2</sup> (1,883.7 sq. ft.) to 173.0 m<sup>2</sup> (1,862.2 sq. ft.);
- The number of parking spaces was reduced by one space;
- The site boundary was adjusted to remove the existing Home Depot sign from the subject lands;
- A bio swale was added for sustainable stormwater management;

- Permeable paving was added to the patio to allow infiltration;
- Two sidewalk connections were added between the restaurant and Argentia Road;
- Garbage/recycling area was relocated away from Argentia Road;
- Barrier-free parking space was relocated to avoid conflict with queuing vehicles; and
- The break in the drive-through lane was removed to maintain a continuous buffer from the main entry access.

On February 2, 2012, the Committee of Adjustment approved a severance application under File 'B' 11/12 to separate the subject lands from the rest of the Home Depot warehouse property subject to conditions including that staff provide confirmation that the proposal is in compliance with the provisions of the City's Zoning By-law.

**COMMENTS:**

See Appendix S-1 - Information Report prepared by the Planning and Building Department.

**COMMUNITY ISSUES**

No community meeting was held and no written comments were received by the Planning and Building Department.

**UPDATED AGENCY AND CITY DEPARTMENT COMMENTS**

**City Transportation and Works Department**

In comments updated on February 7, 2012, this Department advised that the revised site concept plan is satisfactory and that previous comments have been addressed. In addition, draft Reference Plans and a draft Supplemental Mutual Easement and Operating Agreement have been submitted.

In the event this application is approved by Council, the applicant will be required to establish the appropriate reciprocal access

and servicing easements to allow the future severance of the subject parcel.

Other site specific technical details will be addressed through the processing of the associated site plan application under File SP 11/073 W9.

## **PLANNING COMMENTS**

### **Official Plan**

The proposed convenience restaurant conforms to the "Business Employment" designation of the Meadowvale Business Park District of Mississauga Plan Policies which permits restaurants. The provision of Special Site 4 policies which permits a retail warehouse will continue to apply since the application requests the restaurant use in addition to the uses currently permitted.

### **Mississauga Official Plan (2011)**

The proposed development conforms to the "Business Employment" designation and related policies as well as satisfies the drive through design guidelines in the new Mississauga Official Plan. The proposal will not require any modifications to the new Mississauga Official Plan.

### **Zoning**

The proposed "E1-Exception" (Employment in Nodes) zone is the appropriate category to accommodate the convenience restaurant and the revised zone standards as outlined in Appendix S-4. The proposed reduction in the parking standards from 16.0 spaces per 100 m<sup>2</sup> (1,076 sq. ft.) to 13.5 spaces per 100 m<sup>2</sup> (1,076 sq. ft.) represents a 15.6 % reduction based on the applicant's parking analysis dated February 29, 2012.

**Site Plan**

The formal Site Plan Approval application submitted under File SP 11/073 W9 is being processed concurrently and the applicant has addressed most of technical comments including: easement requirements; drive-through design details; location of the barrier free parking space; relocation of the refuse enclosure away from Argentia Road; stormwater management requirements; and the inclusion of green technology.

**Green Development Initiatives**

The proposal will incorporate green development initiatives such as decreasing the amount of impervious surface material and increasing groundwater infiltration by maximizing landscaping and vegetative planting in the development.

**FINANCIAL IMPACT:**

Development charges will be payable in keeping with the requirements of the applicable Development Charges By-law of the City as well as financial requirements of any other official agency concerned with the development of the lands.

**CONCLUSION:**

In accordance with subsection 34(17) of the *Planning Act*, R.S.O. 1990, c.P. 13, as amended, Council is given authority to determine if further public notice is required. The request by the applicant is to slightly reduce the total gross floor area of the convenience restaurant which does not substantially change the nature of the application. It is therefore recommended that no further public meeting need be held regarding the proposed change.

The proposed rezoning is acceptable from a planning standpoint and should be approved for the following reasons:

1. The proposed convenience restaurant is a permitted use under the "Business Employment" designation in the Official Plan and located away from established residential area.

2. The design and function of the drive through satisfies the requirements of the Official Plan.
3. The proposed zoning standards are appropriate to accommodate the requested use for the reasons outlined in the report.

---

**RECOMMENDATION:** That the Report dated November 15, 2011, from the Commissioner of Planning and Building regarding the application to change the Zoning from "E1-10" to "E1- Exception" (Employment in Nodes), to permit a convenience restaurant under file OZ 11/006 W9, Home Depot Holdings Inc., 2920 Argentia Road, be received for information.

**BACKGROUND:** An application has been received to utilize a portion of excess parking area on the existing Home Depot site for an A&W restaurant. The application has been circulated for technical comments. A concurrent Site Plan Approval application under file

R-1(g)

SP 11/073 W9 has been submitted. The processing of the Site Plan will not be finalized until after Council makes a decision on the subject rezoning application. The owner also intends to apply to the Committee of Adjustment to sever the subject lands from the large parcel. Although it is intended that the severed parcel function as a self-contained lot, easements will be required over the remaining lands (Home Depot site) for access. The purpose of this report is to provide preliminary information on the application and to seek comments from the community.

**COMMENTS:**

**Green Development Initiatives**

The proposal will conform to the City's Green Development Strategy by decreasing the amount of impervious surface material and increasing groundwater infiltration by maximizing landscaping and vegetative plantings.

Additional information is provided in Appendices I-1 to I-9.

**Neighbourhood Context**

The subject lands are located in an employment district which is characterized by large industrial and commercial buildings. The topography of the area is generally flat with limited vegetation and no noticeable natural features. The subject lands form part of a larger parcel that is owned by Home Depot Holdings Inc. and presently occupied by parking spaces for the Home Depot retail-warehouse. Information regarding the history of the site is found in Appendix I-1.

The surrounding land uses are described as follows:

- North: Motel and vacant industrial lands
- East: Parking area for the Home Depot retail warehouse
- South: Parking area for the Home Depot retail warehouse
- West: Automobile dealership

**Mississauga Plan Designation and Policies for Meadowvale Business Park District (May 5, 2003)**

"**Business Employment - Special Site 4**" which permits manufacturing, office and service uses including restaurants. The policies of the Meadowvale Business Park District state that outdoor storage related to permitted industrial uses adjacent to Provincial Highway 401 and motor vehicle body repair facilities, will not be permitted.

The subject lands are located within the Meadowvale Business Park District Node near the interchange of Provincial Highway 401

and Winston Churchill Boulevard where visually prominent buildings which contribute to the urban form are encouraged. Special Site 4 was added to the Official Plan to permit retail warehouse and accessory outdoor and display areas on the property.

The application is in conformity with the "Business Employment" land use designation and no official plan amendment is proposed.

### **Mississauga Official Plan (2011)**

Mississauga Official Plan (2011) was adopted by City Council on September 29, 2010 and partially approved by the Region on September 22, 2011. Mississauga Official Plan (2011) has been appealed in its entirety and, as such the existing Mississauga Plan (2003) remains in effect. The application was originally submitted under the previous Official Plan which is the current plan in effect, regard should be given to the new Mississauga Official Plan. The applicant is aware of the status of the City's new Mississauga Official Plan.

The new Official Plan designates the subject lands as "**Business Employment**" which permits manufacturing, office and service uses including restaurant. The subject lands are located within the Meadowvale Business Park Corporate Centre and within the Meadowvale Business Park Restricted Area which prohibit a number of uses such as adult entertainment establishments; waste processing; and truck terminals. The subject lands are also identified as Exempt Site 3 to permit a retail warehouse and accessory outdoor storage and display areas.

The Meadowvale Business Park Corporate Centre forms part of the Intensification Areas and the policies state that drive - through facilities may be given consideration in circumstances where the location, design and function of the drive - through facility maintains the intent of the Plan and meets established design guidelines.

The proposed convenience restaurant is a permitted use under the "Business Employment" land use designation in the new Mississauga Official Plan and related policies. A specific recommendation will be included in the Supplementary Report to address the status of the new Mississauga Official Plan.

**Existing Zoning**

"E1-10" (Employment in Nodes), which permits manufacturing and warehouse distribution facilities; offices; and service uses such as financial institution and entertainment establishment; in addition to a retail-warehouse and garden centre.

**Proposed Zoning By-law Amendment**

"E1-Exception" (Employment in Nodes), to permit convenience restaurant in addition to the uses permitted under the "E1" (Employment in Nodes) zoning category with a maximum gross floor area of 175.00 m<sup>2</sup> (1,883.7 sq. ft.) subject to the applicable regulations specified for the "E1" (Employment in Nodes) zone category, except for the proposed standards identified in Appendix I-8.

**COMMUNITY ISSUES**

No community meeting was held and no written comments have been received by the Planning and Building Department.

**DEVELOPMENT ISSUES**

Agency comments are summarized in Appendix I-7. Based on the comments received and the applicable Mississauga Plan policies the following matters will have to be addressed:

- conformity to the drive through lane requirements;
- sustainable stormwater management;
- relocation of the handicap parking space;
- relocation of the refuse enclosure;
- inclusion of sustainable green technology; and

- resolution of the storm sewer easement requirements;

**OTHER INFORMATION**

**Development Requirements**

In conjunction with the proposed development, there are certain other engineering matters such as municipal services which will require the applicant to enter into appropriate agreements with the City.

**FINANCIAL IMPACT:**

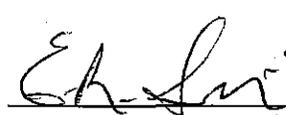

Development charges will be payable in keeping with the requirements of the applicable Development Charges By-law of the City as well as financial requirements of any other official agency concerned with the development of the lands.

**CONCLUSION:**

Most agency and City department comments have been received and after the public meeting has been held and all the issues are resolved, the Planning and Building Department will be in a position to make a recommendation regarding this application.

**DATE:** March 14, 2012

**TO:** Mayor and Members of Council  
Meeting Date: March 28, 2012

**FROM:** Martin Powell, P. Eng.  
Commissioner of Transportation and Works

**SUBJECT:** **Hurontario-Main LRT Project**

---

**COUNCIL AGENDA**

MAR 28 2012

- RECOMMENDATION:**
1. That the City of Mississauga initiate public engagement on the Hurontario-Main LRT Project with an official launch event being planned for April 25, 2012.
  2. That the report to Council entitled, "*Hurontario-Main LRT Project*" dated March 14, 2012 be forwarded to the City of Brampton and Metrolinx for information.
  3. The Transportation and Works Department report back to General Committee on the progress of the Hurontario-Main LRT Project with updates at key project milestones.

**BACKGROUND:** The Hurontario-Main Light Rail Transit (LRT) Project was identified as a priority in the 2011-2014 Business Plan.

In 2008, the Cities of Mississauga and Brampton initiated the Hurontario-Main Street Study. The Study was carried out as a Master Plan in accordance with the Municipal Class Environmental Assessment (EA) process. The corridor Master Plan fulfilled the first

two components of the Class EA process by evaluating the project justification and determining a preferred alternative solution, which is Light Rail Transit (LRT) technology for the corridor.

The report provided to General Committee dated June 21, 2010 from the Commissioner of Transportation and Works entitled, "*Hurontario-Main Street Corridor Study Master Plan*" endorsed the completion of the Master Plan and initiation of the next study phase, which is to undertake the necessary design and related technical studies required to complete the Transit Project Assessment Process (TPAP).

A subsequent report provided to General Committee dated May 30, 2011 from the Commissioner of Transportation and Works entitled, "*Hurontario-Main Street Corridor Study Master Plan*" authorized the execution of the "Hurontario/Main Street LRT Preliminary Design and Transit Project Assessment Process Relationship Agreement" with the City of Brampton to initiate the further corridor review. At that time, staff committed to report back to General Committee with an introduction to the work plan and the initial public engagement activities.

**COMMENTS:**

The City of Mississauga completed the vendor procurement process in late 2011 and retained a consulting team led by SNC Lavalin to conduct the Hurontario-Main LRT Project. This work will include undertaking various pre-environmental assessment studies, completing the preliminary design for the Hurontario-Main Street LRT Project and initiating the Transit Project Assessment Process (TPAP) to achieve Environmental Assessment approvals. The key aim of this work is to build upon the previous Master Plan and the independent Hurontario-Main Street Rapid Transit Benefit Case prepared previously for Metrolinx, to position this project in the maximum state of implementation readiness.

TPAP is a six month Environmental Assessment approval process designed to expedite the development of transit projects in Ontario (O. Reg. 231/08). However, the process is premised on the assumption that the proponent is well prepared and guidance documentation suggests that they "should consider involving or consulting with a

broad range of potentially interested persons in pre-planning and decision-making leading up to the selection of a transit project.” Accordingly, the application of the TPAP process for the Hurontario-Main corridor will require detailed analysis through various related technical studies and a review of alternative design concepts for LRT prior to formal process initiation.

The project communication plan will focus on expanding upon the participation of stakeholders, agencies, senior levels of government and the public that was initiated through the previous Master Plan process.

A public project launch event is proposed for April 25, 2012 to introduce the new consulting team and reintroduce the Project since the completion of the Master Plan. This meeting will set the stage for the following technical meetings and public information sessions that are required over the next year. These sessions will include Public Information Centres on: 1) the potential corridor concepts; 2) preferred conceptual design; and 3) final preliminary design and the Environmental Project Report. The project team is prepared to engage various community and stakeholder groups during this process. The existing web site is being refreshed, electronic bulletins will be prepared as the stakeholder list expands and various print materials including notices and newsletters will be provided. The consultant team is also tasked with developing 3D modelling of the corridor to assist in visually communicating the potential impacts and transformation of the corridor.

As identified in the attached Appendix, the preliminary environmental assessment studies are anticipated to be completed in twelve months, followed by six months for the Transit Project Assessment Process, with the anticipated completion of the project by the end of 2013.

**STRATEGIC PLAN:**

The development of rapid transit infrastructure is consistent with the following Strategic Pillars for change, goals and actions put forth in the City’s Strategic Plan:

MOVE: Developing a Transit Oriented City

- Connect Our City
  - Action 5: Provide alternatives to the automobile along major corridors
  - Action 7: Create mobility hubs
- Increase Transportation Capacity
  - Action 14: Implement transit priority measures
- Direct Growth
  - Action 18: Require development standards for mixed-use development to support transit
  - Action 19: Accelerate the creation of a higher-order transit infrastructure.

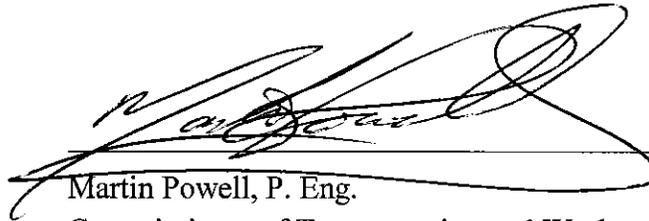

**FINANCIAL IMPACT:** The Professional Services Agreement with the prime vendor (SNC Lavalin) has been in place since November, 2011 for \$15.082 Million. Based on the municipal funding agreement in place, the City of Mississauga is responsible for 75% of the base project costs and the City of Brampton is responsible for the remaining 25%. Each municipality will be fully responsible for added work elements within their own jurisdiction.

**CONCLUSION:** The Hurontario-Main LRT Project is now underway with the successful award of the contract to the vendor team led by SNC Lavalin in November 2011.

This work will include undertaking various pre-environmental assessment studies, completing the preliminary design for the Hurontario-Main Street LRT Project and initiating the Transit Project Assessment Process (TPAP) to achieve Environmental Assessment approvals. The completion of preliminary design for the corridor and enhancement of the business case information will need coordination with the various other inter-related municipal projects which impact or are impacted by the corridor.

A public project launch event is proposed for April 25, 2012 to introduce the new consulting team and reintroduce the Project since the completion of the Master Plan. This meeting will set the stage for the following technical meetings and public information sessions that are required over the next year.

COUNCIL AGENDA

MAR 28 2012

**DATE:** March 2, 2012

**TO:** Chair and Members of General Committee  
Meeting Date: March 21, 2012

**FROM:** Martin Powell, P. Eng.  
Commissioner of Transportation and Works

**SUBJECT:** **Credit River Erosion Control Works**  
**Procurement FA.49.309-06**  
**Ward 6**

GENERAL COMMITTEE

MAR 21 2012

**RECOMMENDATION:** That the Purchasing Agent be authorized to increase the upset limit for contract 4500268801, issued to the Sernas Group Inc. by \$45,000, from \$102,749 to \$147,749 and extend the contract end date to December 31, 2012.

**BACKGROUND:** In 2006, following a competitive bid process through Procurement FA.49.309-06, Contract 4500268801 in the amount of \$102,749.00 (excluding tax) was issued to the Sernas Group Inc. to provide professional services to complete the Municipal Class Environmental Assessment for the Credit River Erosion Control Works.

The scope of work in the contract includes professional fees, disbursements and engineering services to conduct background studies, fieldwork, reporting and stakeholder consultation to support a Municipal Class Environmental Assessment to complete engineering designs and obtain approvals for the construction. The contract also includes construction administration services throughout the

construction phase and post construction monitoring for erosion sites on the Credit River at Britannia Road West and Eglinton Avenue West.

**PRESENT STATUS:** The Sernas Group Inc. completed the Class Environmental Assessment and design phases of the project and has secured most of the approvals required for construction.

The construction phase of the project was awarded to Dynex Construction Inc. and work started on January 16, 2012. The Sernas Group Inc. has been retained to provide construction administration services throughout the construction phase of the project, as per the provisional item in their proposal.

**COMMENTS:** The Credit River Erosion Control Work commenced in November 2006 for Britannia Road and Eglinton Avenue sites. There were delays with obtaining the required easement for the Eglinton Avenue West portion of the work. As a result, the construction contract was split into two separate contracts. The contract for the Britannia Road site proceeded in late 2010. The second contract for the Eglinton Avenue West site is now ready to proceed.

The proposed increase to The Sernas Group Inc's contract is to provide detail design, construction administration, as-built drawings, and post construction monitoring for the work at the Eglinton Avenue West site. The total additional fees requested are \$45,000.

The additional fees are required due to the efforts necessary to complete and provide the detail plan revisions into two separate contracts, as opposed to the single contract originally planned for. Also additional fees for administration services are based on an increase in construction time to the eleven weeks as opposed to the original nine weeks. The later start date of the second construction contract will require monitoring of the sites for an additional year.

The total proposed increase to the contract will exceed 20% of the total contract amount and must be authorized by Council, as stated by Section 18(2)(a) of Purchasing By-law No. 374-2006.

**FINANCIAL IMPACT:** The estimated consulting engineer costs for the projects are as follows:

**From the original Procurement FA.49.309-06:**

**Awarded**

|                         |                  |
|-------------------------|------------------|
| Assessment and Review   | \$29,887         |
| Detail Design           | \$20,370         |
| Contract Administration | \$36,730         |
| Disbursements           | <u>\$15,762</u>  |
| <b>Total</b>            | <b>\$102,749</b> |

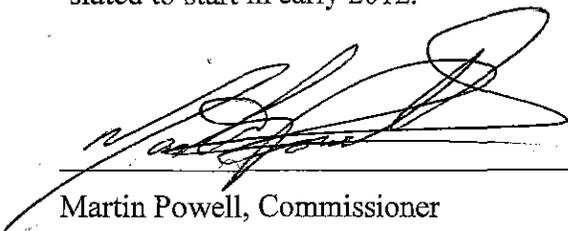

**Requested Purchase Order Increase**

|                                |                 |
|--------------------------------|-----------------|
| Detail Design                  | \$5,000         |
| Contract Administration        |                 |
| a. Construction Administration | \$21,640        |
| b. Monitoring Program          | \$ 7,000        |
| c. As-Constructed Drawings     | \$ 1,970        |
| Disbursements                  | <u>\$ 9,390</u> |
| <b>Total</b>                   | <b>\$45,000</b> |

Sufficient funding is available in P.N. 06-134 – Credit River Watershed Erosion Control to cover this increase.

**CONCLUSION:**

The Sernas Group Inc. was retained in 2006 to provide professional services related to the completion of a Municipal Class Environmental Assessment, detailed design, construction administration, and post construction monitoring for erosion sites on the Credit River at Britannia Road West and Eglinton Avenue West. The design has been completed for both sites and construction has been completed for Britannia site only. Post construction monitoring has begun at the Britannia site and will continue until the end of 2012. The Eglinton Avenue West site is now at the construction stage with construction slated to start in early 2012.

PETITION for #60 Hansen Road -PCC 162 Sept 2011

**LOCAL IMPROVEMENT CHARGES**

**Municipal Act, 2001, R.S.O. 2001  
Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement:

Description of Works:

**The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hansen Road – PCC 162.**

Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, states the following:

9. (2) A petition in favour of undertaking a work as a local improvement shall be signed by at least two-thirds of the owners representing at least one-half of the value of the lots liable to be specially charged for the work

10. (5) Where two or more persons are jointly assessed for a lot, in determining the sufficiency of a petition,

- (a) they shall be treated as one owner only; and
- (b) the majority of them must sign the petition for the petition to be determined sufficient.

PETITION for #60 Hanson Road -PCC 162 Sept 2011

**LOCAL IMPROVEMENT CHARGES**

**Municipal Act, 2001, R.S.O. 2001  
Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement:

Description of Works:

**The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road – PCC 162.**

Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, states the following:

9. (2) A petition in favour of undertaking a work as a local improvement shall be signed by at least two-thirds of the owners representing at least one-half of the value of the lots liable to be specially charged for the work

10. (5) Where two or more persons are jointly assessed for a lot, in determining the sufficiency of a petition,

- (a) they shall be treated as one owner only; and
- (b) the majority of them must sign the petition for the petition to be determined sufficient.

PETITION for #60 Hansen Road -PCC 162 Sept 2011

**LOCAL IMPROVEMENT CHARGES**

Municipal Act, 2001, R.S.O. 2001  
Ontario Reg. 586/06

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement:

Description of Works:

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hansen Road – PCC 162.

Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, states the following:

- 9. (2) A petition in favour of undertaking a work as a local improvement shall be signed by at least two-thirds of the owners representing at least one-half of the value of the lots liable to be specially charged for the work
- 10. (5) Where two or more persons are jointly assessed for a lot, in determining the sufficiency of a petition,
  - (a) they shall be treated as one owner only; and
  - (b) the majority of them must sign the petition for the petition to be determined sufficient.

**PETITION for #60 Hanson Road - PCC 162**  
**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

**PETITION for #60 Hanson Road - PCC 162**  
**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

**PETITION for #60 Hanson Road - PCC 162** Nov 16 2011  
**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

**PETITION for #60 Hanson Road - PCC 162 NOV 16 2011**  
**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement:

Description of Works:

**The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road – PCC 162.**

Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, states the following:

- 9. (2) A petition in favour of undertaking a work as a local improvement shall be signed by at least two-thirds of the owners representing at least one-half of the value of the lots liable to be specially charged for the work
- 10. (5) Where two or more persons are jointly assessed for a lot, in determining the sufficiency of a petition,
  - (a) they shall be treated as one owner only; and
  - (b) the majority of them must sign the petition for the petition to be determined sufficient.

**PETITION for #60 Hanson Road - PCC 162 Nov 16 2011**  
**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

**PETITION for #60 Hanson Road - PCC 162** Nov 16 2011  
**LOCAL IMPROVEMENT CHARGE - Municipal Act, 2001, R.S.O. 2001 Ontario Reg. 586/06**

We the undersigned owners hereby petition the Council of the Corporation of the City of Mississauga to construct under Ontario Regulation 586/06 of the Municipal Act, 2001, R.S.O. 2001, the following works as a local improvement.

For a property to qualify, it must meet the following criteria: a) it must have an existing barrier; b) a minimum of two-thirds of the property owners must show their support through a petition process; c) the condition, which is based on the level of deterioration of the barrier, must be on the City's priority list.

The work will include the removal of an existing wooden privacy fence and the installation of a Noise Attenuation Barrier, along the eastern property line of #60 Hanson Road.

I understand and agree that this petition allows the City to charge 50% of the cost of improving the fence to city standard. The complete cost is unknown at this time. Reg. 586/06 of city code requires we get both homeowners signatures. In the event of 3 owners or more, we are required to get the majority of owners (2) signatures.

Dear Colleagues,

I am pleased to present *In the zone: Housing, human rights and municipal planning*. This new Ontario Human Rights Commission guide offers your municipality information about your legal obligations, and about the tools and best practices you can apply to connect human rights and housing when making zoning and planning decisions.

*In the zone* is designed to be a practical tool for municipal planners, councillors, housing service managers, district social services boards and others who make decisions about planning and zoning for housing. It is also a resource for organizations and advocates working with municipalities to advance human rights in housing.

Over the past few years, the OHRC has dealt with many different zoning issues with cities across Ontario. While each municipality and each housing issue is unique, some common themes emerged. *In the zone* was written to capture these themes, and to help the OHRC send a consistent message to every municipality in Ontario.

The guide offers the OHRC's best advice on:

- The legal obligation to take steps to overcome discriminatory opposition to affordable housing
- Focusing on legitimate land use planning, not "people zoning" – in other words, not using zoning to keep certain people out of some neighbourhoods
- Making sure public meetings focus on planning issues, not the people who will live in the housing
- Not using minimum separation distances to limit housing options for people protected under *Code* grounds.

The OHRC consulted planning experts, planning and human rights lawyers, housing providers and advocates to make sure the guide reflects a wide range of views. Connecting human rights and housing is more than just a "good thing to do." Under Ontario's *Human Rights Code*, it's the law, and this guide will help your municipality make the law a lived reality for your residents.

I encourage you to review the guide, and use it as a tool to guide your own work to create municipalities, communities and neighbourhoods where all residents are included and welcome.

Please contact Jacquelin Pegg ([jacquelin.pegg@ohrc.on.ca](mailto:jacquelin.pegg@ohrc.on.ca)) if you would like more information on our work to advance human rights in housing across Ontario. If you would like extra copies of the guide for your contacts or constituents, please email us at [communications@ohrc.on.ca](mailto:communications@ohrc.on.ca) and specify whether you would like English or French copies, or a combination of both. The new guide, along with many other relevant publications, is also available on our website – [www.ohrc.on.ca](http://www.ohrc.on.ca)

Yours truly,

Dear Madam Mayor:

Re: Amendment to the Elections Act, 1990

Thank you for your letter concerning the adoption of Resolution 0291-2011 by the Council of the Corporation of the City of Mississauga. I likewise advocate that the Elections Act, 1990 be amended to ensure that municipal councillor(s) who seek provincial office must resign, which is already standard for Members of MLA or the Senate or the House of Commons who seek to run in municipal elections. I wish to ensure that taxpayer dollars are not wasted on expensive by-elections and that the commitment of elected officials can be counted upon.

Once again, thank you for keeping me informed on this matter.

Yours sincerely,

OFFICE OF THE MAYOR

December 22, 2011

The Right Honourable Stephen Harper  
Prime Minister of Canada  
80 Wellington Street  
Ottawa, Ontario  
K1A 0A2

Dear Mr. Prime Minister:

Re: Amendment to the Elections Act, 1990

The Council of the Corporation of the City of Mississauga at its meeting on December 14, 2011, adopted the enclosed Resolution 0291-2011 with respect to implementing legislative amendments to require municipal Councillors who seek federal or provincial office to resign from office.

The *Municipal Elections Act*, 1996 subsection 29 (1.1) requires that a Member of Legislative Assembly of Ontario or the Senate or the House of Commons of Canada to resign their seat by the close of nominations for the municipal election, otherwise the clerk must reject the nomination. However, the *Elections Act, 1990* has no legislative requirement that the municipal councillor(s) who seek federal office, resign.

On behalf of the members of Council, I request that you consider amending the legislative requirements to require municipal councillors who seek federal office resign from office in a like manner to the requirements of subsection 29 (1.1) of the *Municipal Elections Act*, 1996.

Sincerely,

And Whereas the *Municipal Elections Act, 1996* and Regulations enacted under that legislation and the *Municipal Act, 2001* determines who can run for local office;

And Whereas the Province of Ontario's *Municipal Elections Act*, subsection 29 (1.1) of the Act requires a Member of the Legislative Assembly of Ontario or the Senate or House of Commons of Canada to resign their seat by the close of nominations for the municipal election, otherwise the clerk must reject their nomination;

And Whereas there is no legislative requirement for municipal councillors who wish to seek federal or provincial office to resign;

And Whereas when councillors seek federal or provincial office concerns arise about the ability for them to use their municipal office as an election platform and also about how effective they can be as a councillor when they are busy campaigning, and if elected the municipality is then faced with the prospect of an expensive by-election;

Therefore Be It Resolved:

That the Provincial government and Federal government be requested to implement legislative amendments to require municipal councillors who wish to seek federal or provincial office to resign from office in a like manner to the requirements of subsection 29 (1.1) of the *Municipal Elections Act, 1996*.

Dear Mayor McCallion:

Thank you for your letter concerning the resolution by Mississauga's Council, proposing that current legislation be amended to ensure that municipal councillors running for provincial or federal office resign before their nominations take effect.

Council's resolution raises an interesting point of election policy. As you know, the provincial government can make rules that concern running for provincial office. However, the federal government would have to deal with any rule for becoming a candidate for Parliament.

I appreciate your letting me know the views of your Council, and I will ensure ministry staff review the resolution.

Thank you again for writing.

Sincerely,

John Gerretsen

Dear Mr. Minister:

I wrote to the Honourable Kathleen Wynne, Minister of Municipal Affairs and Housing, regarding the City of Mississauga's resolution proposing a legislative requirement for municipal councillors to resign prior to seeking provincial or federal office.

In her response to me dated February 1, 2012, the Minister advised that this matter falls under the responsibility of your ministry and I would therefore appreciate receiving a written response from you in this regard.

Many thanks.

Dear Mayor McCallion:

Thank you for sending me the City of Mississauga's resolution that proposes a legislative requirement for municipal councillors to resign prior to seeking federal or provincial office.

I appreciate being provided with this resolution. However, eligibility to run for and to hold provincial office is set out in the *Election Act* and the *Legislative Assembly Act*. As the Attorney General is responsible for these acts, I have sent a copy of the City's resolution to the Honourable John Gerretsen for his consideration.

Once again, thank you for writing to me about this important matter.

Dear Premier McGuinty:

At its council meeting held on March 5, 2012, the Municipality of Chatham-Kent supported the resolution passed by the City of Kingston with respect to an increase in provincial payment-in-lieu of taxes. The following resolution was approved:

**Whereas**, in 1970 the rate of provincial payments in lieu of taxes for universities was arbitrarily set at \$25 per full time student; and

**Whereas**, in 1973 that was doubled to \$50 per student and the payment was expanded to include hospitals and provincial correctional institutions; and

**Whereas**, in 1987 that rate was increased by 50%, still without apparent justification, to \$75 per student and bed; and

**Whereas**, that rate has remained constant since that time despite the fact that inflation would in 2012 require an almost doubling the payment (\$146); and

**Whereas**, at least sixty-five communities have called for an increase in payments; and

**Whereas**, heads of universities are supporting that call; and

**Whereas**, you have looked to the municipalities of the province to be the economic engine of Ontario; and the payments-in-lieu of taxes do not meet the actual costs of municipalities to provide the necessary services for the various institutions, thus placing an unfair tax burden on their property taxpayers, thereby jeopardizing a municipality's ability to meet infrastructure demands, and consequently weakening their ability to act as economic engines;

**Subject:** Proposed Development - 3170 Erin Mills Parkway

I-5

I am strongly opposed to changing the zoning from CS to RA1-Exception, which would allow for a 4-storey condominium apartment building of 154 units to be constructed at 3170 Erin Mills Parkway.

This would negatively impact our neighbourhood:

1. Traffic congestion on 5th Line. I understand that the only entrance to the proposed condo will be at 5th Line. This is not a wide street with no room for expansion.
  
2. Unauthorized automobile travel through our complex (2020 South Millway). We have a 5th Line and a South Millway entrance. There is concern that cars may cut through to avoid line ups at the 4-way stop on 5th Line and South Millway.
  
3. Unauthorized pedestrian travel through our complex. Pedestrian trespassers walk their dogs, drop cigarette butts and other garbage throughout our complex. The nearby school and park make this an ideal area to walk your dog and cut through to access the school.
  
4. Unauthorized parking at our complex (2020 South Millway) by visitors at 3170 Erin Mills. 2020 South Millway is adjacent to a school, and parents currently park in our visitors to drop their kids off. This will only get worse.
  
5. Underground parking construction of 237 spaces. Concern regarding damage to the water pipe infrastructure during building, which could eventually lead to costly repairs by the homeowners in the nearby condos.
  
6. Underground parking exhaust fumes. With so many parking spaces, where will the exhaust from the vehicles be vented? This additional pollution is unnecessary and dangerous to the health of the residents.
  
7. The proposed building does not fit into the neighbourhood as everything else is low rise. It is esthetically unattractive and obtrusive.
  
8. The noise from the long-term construction intrudes on our rights to enjoy peaceful homes. My husband works night shift and will not get a restful sleep during the day. We won't be able to enjoy our backyard or open our windows.

9. Unnecessary removal of trees.

I-5(a)

10. Obstruction of public pathway adjacent to the proposed building site, which leads to 5th line and continues throughout Brookmeade Public School.

11. Danger to pedestrians using the public pathway to cross 5th Line toward Brookmeade Park. Cars are driving very fast now and there is a concern that a child or elderly person may be struck. We do not need an increase in the traffic.

It is unfortunate that I was not able to attend the community meeting on February 23. Please accept my apologies if any of the above concerns were addressed at the meeting. I wish to be notified of any upcoming meetings. Thank you for your consideration in this important matter.

**COUNCIL AGENDA**  
MAR 28 2012

WHEREAS the Terms of Reference for the Road Safety Committee calls for the appointment of two (2) members of Council on the Committee;

AND WHEREAS a vacancy currently exists for a Council representative on the Committee;

NOW THEREFORE BE IT RESOLVED THAT Councillor Bonnie Crombie be appointed to the Road Safety Committee for the term of Council.

COUNCIL AGENDA

MAR 28 2012

M-2

WHEREAS Council at its meeting of February 23, 2011 passed Resolution 0049-2011, calling for an Ad Hoc Committee of Council to identify additional sites within the city that are appropriate locations for the placement of iconic buildings, and that these sites be designated for international design competitions;

AND WHEREAS at PDC on November 14, 2011, a report was considered that outlined the next steps in the process, and recommended that the Commissioner of Planning and Building report back to the Planning and Development Committee on the recommendations of the International Design Competition Committee;

AND WHEREAS it was proposed that the Committee be supported by Planning and Building Department staff rather than staff from the Office of the City Clerk, and that the Committee function as a working group rather than a formal Committee of Council;

NOW THEREFORE BE IT RESOLVED THAT the International Design Competition Committee be renamed the International Design Competition Task Force, and that the Commissioner of Planning and Building report back to the Planning and Development Committee on all recommendations of the International Design Competition Task Force.
