RESOLUTION:

0023-2011 Moved by: Sue McFadden Seconded by: Ron Starr

Whereas Council should be concerned about openness and transparency in all deliberations as well as consistency in all undertakings;

Whereas the *Municipal Act* clearly prescribes subject matters which are permitted to be dealt with In Camera;

Whereas the *Municipal Act* Section 239, 2001 limits those matters which can be discussed by Council out of the following areas:

- security of property of the municipality,
- personal matters about an identifiable individual,
- a proposed or pending acquisition or disposition of land,
- labour relations or employee negotiations,
- litigation or potential litigation,
- advice that is subject to solicitor-client privilege,
- a matter authorized by another provincial statute;

Whereas precedent was set at the Council meeting of the Region of Peel where committee assignments, as well as Committee Chairs, were selected in Public Session through standing votes – in total compliance with both the letter and the spirit of the *Municipal Act*;

Whereas new committees may be struck during this Council's term and a mid-term review of committee membership takes place at the two-year anniversary of this Council;

Therefore be it resolved:

The Clerk research and report on the methods used by a variety of Councils in Ontario to assign Councillors to committees; and further

The Clerk review and comment on the current practice as it reflects the spirit of the *Municipal Act* and it's guidelines for In Camera business.
