1. **CALL TO ORDER – 9:20 A.M.**
2. **DISCLOSURES OF DIRECT OR INDIRECT PECUNIARY INTEREST - Nil**
3. **PRESENTATIONS**

John Calvert, Director of Policy Planning, made a presentation regarding the Mississauga Plan Review Work Plan and responded to questions of Council. There were no members of the public in the audience with respect to this issue.

Councillor Maja Prentice advised that this report only addresses four areas and enquired as to the time frame for other areas to be reviewed. Mr. Calvert responded that it is staff's intent to review four to five district plans per year, subject to 2008-2009 budget discussion advising that in total there are thirty-two (32) district plans.

Councillor Pat Mullin advised of the importance that as each area is approved, it becomes part of the Mississauga Plan. Mr. Calvert confirmed that as each district plan is

completed and approved, staff will amend the Mississauga Plan and implement the zoning as a complete package.

Councillor Mullin referred to Mr. Calvert's comments with respect to the budget suggesting that if there is a lack of budget with respect to planning issues, that this should be highlighted for the 2008 budget discussions. The Commissioner of Planning and Building advised that he had a number of requests for staff positions that he would present through the budget process.

Councillor Frank Dale enquired if consideration had been given to changing the names of some of the district plans and re-defining some of the neighbourhoods. Mr. Calvert responded that Planning staff had raised this issue and that he agreed that this would be the time to make any changes. Councillor Dale suggested that Planning staff meet with the individual Councillors to discuss the ward specific areas.

Mayor McCallion requested that the Lakeshore corridor and the Hurontario Street corridor be reviewed. Mr. Calvert advised that there is a requirement in the Growth Plan to review the nodes and corridors as part of the local area policies review. He advised that Lakeshore Road, including Port Credit and Lakeview is one corridor, that Dundas Street is a corridor and that Hurontario Street is part of the LRT Study. The Mayor requested that transportation planning play a major role in the Official Plan review.

Councillor Eve Adams enquired if the Employment Lands Study reviewed the type of employment uses adjacent to each other. Mr. Calvert responded that both the work plan and Bill 51 required municipalities to take a second look at Employment Lands Policies and that conversion of employment lands had to be part of a major review. He advised that this component would be part of the work plan for this year.
